### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House in said town, on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon to act on the following subjects:

1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent and Town Clerk for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years, and all other necessary town officers or agents for the ensuing year.

2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed, and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

4. To see what sum of money the town will vote to raise for the building and repairing highways, bridges and culverts.

5. To see if the town will vote to raise any money for school purposes. other than that required by law, or pass any vote relating thereto.

6. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

7. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

8. To see if the town will vote to raise any money for the support of the Fuller Public Library, or pass any vote relating thereto.

9. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways, under the law passed at the January Session, 1905.

10. To see what action the town will take in regard to the bequest made to said town by Section 1 of the will of James A. Tuttle, late of Antrim, N. H., deceased, which section reads as follows: "1st. I give and bequeath to the Town of Hillsborough, in said County of Hillsborough, the sum of Two Hundred Dollars, the income of the same to be used by said town annually in the care and maintenance of the James M. Tuttle burial lot at Pine Hill Cemetery, so called, at Hillsborough Lower Village, in said town of Hillsborough," and pass any vote relating thereto.

11. To see if the town will vote to instruct the Selectmen to extend the present contract with the Hillsborough Electric Light and Power Company for the period of five years, or pass any vote relating thereto.

12. To see if the town will vote to extend the electric light system, to include Hillsborough Upper Village or other sections of the town, or pass any vote relating thereto.

13. To see if the town will vote to authorize the Selectmen each year until further action be taken, to take care of the several cemeteries in town not otherwise provided for, or appoint special committees for the care of our cemeteries, raise money therefor, or pass any vote relating thereto.

14. To see if the town will vote to extend Whittemore street to Holman street, or pass any vote relating thereto.

15. To see if the town will vote to adopt the provisions of Chap. 124, Public Statutes, relating to a license for junk dealers.

16. To see if the town will vote to exempt from taxation for a term of ten years any new manufacturing establishment and the capital used in operating the same, or pass any vote relating thereto.

17. To transact any other business that may legally come before said meeting.

Given under our hands this nineteenth day of February, in the year of our Lord nineteen hundred and six.

CHARLES S. FLANDERS,

FRED B. MONROE,

EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE SELECTMEN,

For the Year Ending Feb, 15, 1906.

---

### TO THE CITIZENS OF HILLSBOROUGH:

In submitting our annual report, it is gratifying to be able to show a substantial reduction of the town debt. Besides the actual reduction of \$2582.31 shown in this report, the school districts have more money in their treasuries than usual, and the town has raised and set aside the sum of \$1864.50 for permanent road improvement. By the law passed at the January session, 1905, the town is entitled to state aid to the amount of \$466.00. There is therefore in the town treasury and the state treasury \$2330.50 which must be expended for permanent highway improvement in Hillsboro. This money was not expended under state supervision in 1905 for the following reasons:—First: The state engineer was able to attend to the letting of contracts in only a small proportion of the towns of the state. Second: He estimated that he could do work to the value of from two to three hundred dollars more if he could use the appropriations of two years in a single contract than he could by letting one contract in 1905 and another in 1906. Third: Hillsboro is by the method adopted, able to profit by the experience of other towns. As the amount required to be raised each year for permanent road improvement is based on the town's valuation the previous year, it is possible to give the exact figures as to the money that Hillsboro must set aside in 1906. The amount is \$1251.00, and this added to \$2330.50 gives \$3581.50, the minimum amount of money that the town can use for permanent highway im-

provement in 1906. If the voters decide to again qualify for state aid an additional sum of \$625.50 must be raised, and the town would receive state aid to the amount of \$469.00. Hillsboro would then have \$4676.00 for permanent road improvement. It is for the voters to decide whether they will expend \$3581.50 under state supervision or will increase this sum to \$4676.00.

The sidewalks are in much better condition than they were one year ago. One-half mile of plank sidewalk has been replaced with concrete, one-fifth of a mile of old concrete has been recovered, one-sixth of a mile of plank sidewalk has been relaid with new lumber and one-fifth of a mile of plank sidewalk has been relaid with old planks, making over a mile of sidewalk that has been greatly improved. As the advance in the price of lumber is out of proportion to the advance in wages, it has been found profitable to cut off the ends of old plank and relay them on some streets where this would not have been justifiable a few years ago. If the present price of lumber continues, the plank sidewalks must in a few years be replaced with either gravel or concrete. While the amount expended is slightly in excess of the thousand dollars appropriated, it is less than the appropriation and the contributions received from residents on School and Walnut streets. A much smaller sum would keep the walks in a fair condition for another year, but it will take about the same amount as expended last year to make the necessary repairs and substitute concrete for one-half mile of plank sidewalk.

The town debt has been reduced by paying notes. Principal has been paid to the amount of \$4132.16. Fifteen hundred dollars has been hired, leaving the outstanding notes smaller by \$2632.16 than they were one year ago. Over half the money now in the treasury represents liabilities upon which the town is likely to be called upon for payments early in the present fiscal year. For this reason a larger surplus has been allowed to remain in the treasury than usual.

TRUST FUNDS.

---

The following are the Trust Funds held by the town. We have obtained a certified copy of the clause of each will in which the bequest was made, showing the conditions under which they were received. By request of the Committee raised for this purpose the Selectmen have given the town notes payable to the order of the Selectmen for each bequest not already made promissory.

\$2000.00. Extract from will of Mark W. Fuller.

Article 4th. I give and bequeath to the town of Hillsborough Two Thousand Dollars (\$2000) to be by said town invested as they may deem proper, upon the two following conditions, viz:—First, that the said town shall yearly expend for the benefit of said town and its inhabitants, an amount of money equal to the income of this said bequest, the question as to the way and manner in which it shall be expended to be decided by a vote of the town at any legal meeting, and, Second, that the said town shall forever keep in good and suitable repair and condition the “Fuller Plat” in the cemetery in said town between the “Upper” and “Lower” Villages, and I hereby order and direct my said executrix to pay the same or said sum over to said town as soon as may be after my decease and upon the town accepting the same, upon the stated conditions, otherwise, I order the said sum to be paid to my nephew, Wirt X. Fuller of Boston, Mass.

Accepted by town, March 13, 1877; received in year 1877.

\$1000.00. Extract from will of Sarah C. Fuller.

Article 4. I give and bequeath unto the town of Hillsborough, One Thousand Dollars for the “Fuller Library”

established in said town, it being subject to the same conditions from said town that the late Mark W. Fuller bequest to said town was and is, excepting that the first Selectman of said town shall visit the "Fuller Plat" four times a year forever.

Received in the year 1884.

\$100.00. Extract from will of Maria Travis of Mont Vernon, N. H.

Article 1st. I give to the town of Goffstown and the town of Hillsborough (this state) One Hundred Dollars, each, the interest to be appropriated for all future time to keeping my lots and stones in the cemeteries of said towns in good condition.

Accepted by town, March, 1892; received, Feb. 11, 1893.

\$100.00. Extract from will of Sarah M. Taggart, late of Lowell, Mass.

Article 1st. I give, devise and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be invested and the interest to be expended for the care of the family burial lot in the Hillsborough Lower Village Cemetery.

Received, March 25, 1897.

\$200.00. Extract from the Town Records of meeting, March 8, 1898.

Article 11th. To see if the town will vote to accept the sum of Two Hundred Dollars from Caroline M. Burnham, on condition that the town will forever care for the lot and monument in Deering Cemetery known as the Dr. A. C. Burnham Lot.

No will. Accepted, March, 1898; received, Oct. 19, 1898.

\$100.00. Extract from the will of Catherine W. Bascomb,  
late of Lynn, Mass.

Article 3d. I give and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be applied to the care and preservation of my burial lot in the cemetery, situate on the Lower Village, so called.

Accepted by town, March, 1899; received, May 10, 1899.

\$50.00. Extract from the will of Mary E. M. Smith.

Article 2d. If there shall be any portion of my estate remaining after paying and distributing such sums as shall be necessary for the purposes mentioned in the first item of this will, I give and bequeath to the town of Hillsborough in the county of Hillsborough and state of New Hampshire, the sum of Fifty Dollars, said town to expend the income of the same in the maintenance and care of my burial lot and that of my deceased husband, Jerry Smith.

Accepted by town, March, 1900; received, Feb. 11, 1901.

\$2633.98. Extract from the will of Abney Symonds.

Article 5th. The rest, residue and remainder of my estate, of whatever kind, or wherever found or situate, both personal or real estate, if any, after paying all just debts, legacies and expenses of administration of said estate, I give, bequeath and devise to the towns of Windsor and Hillsborough, to be divided equally between said towns. The amount, if any, shall be safely invested by said towns and the income from the amount *shall be used yearly towards paying the yearly expenses of said towns and for no other purposes*, and shall be known as the Abney Symonds fund.

Received, Nov. 4, 1899.

\$100.00. Extract from the will of George G. Richardson. Article 12th. I give and bequeath unto the Town of Hillsborough in the County of Hillsborough and State of New Hampshire, the sum of One Hundred Dollars in trust, the income to be used for the benefit and care of my lot, situate in the cemetery in said town between the Lower and Upper Villages.

Accepted by town, March, 1903; received, April 4, 1903.

\$100.00.

Bequest of Abby C. Murdough of One Hundred Dollars, the income to be paid to the M. E. Church Society at Hillsborough Center. Note dated May 1st, 1883, payable on demand to the Selectmen of Hillsborough, or order, on file in the Selectmen's office.

\$100.00. Bequest of the will of Mrs. Wm. H. Gray.

"And I order my executor to keep in trust one hundred dollars, the income to be used to pay for looking after and care of the Wm. H. Gray plat in the cemetery in Hillsborough and for care of said money is not required to give any bond."

This fund was left to John M. Curtis and on his death was turned over to the town.

Respectfully Submitted,

CHARLES S. FLANDERS,  
FRED B. MONROE,  
EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE BOARD OF HEALTH.

---

To the Selectmen and Citizens of the Town of Hillsborough, N. H.:

The report of your Board of Health of last year applies equally well for the year past.

On the 4th of this instant a mild case of scarlet fever appeared in the person of a school girl of seven years of age. We at once quarantined the family and have thoroughly disinfected all the school rooms, books, etc. No other cases having as yet been reported we have good reason to hope that the disease will not extend. We wish to thank the citizens for their ready compliance with all needed restrictions to prevent the spread of the disease.

Respectfully Submitted,

JOHN GOODELL, M. D.,  
W. P. GRIMES, M. D.,

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district affairs:

You are hereby notified to meet in the Schoolhouse in said district on Monday, the twenty-sixth day of March, 1906, at seven of the clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To hear the reports of the Board of Education, Treasurer, Auditors and other officers and committees heretofore chosen and pass any vote relating thereto.
5. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings and any other necessary charges arising within said district.
6. To see what action the district will take to provide more schoolroom accommodation and to raise such sums of money as may be necessary to carry such vote into effect.
7. To see if the district will authorize the Board of Education to unite with one or more town districts or special districts to form a supervisory district for the purpose of employing a superintendent of public schools therein, under the provision of Chapter 77 of the Session

Laws of New Hampshire, 1899, and to raise money to carry such vote into effect.

8. To choose Auditors, Agents or Committees in relation to any subject embraced in this warrant.

9. To transact any other business that may legally come before said meeting.

Given under our hands at Hillsborough, this twenty-eighth day of February, in the year of our Lord nineteen hundred and six.

Board of Education.

REPORT OF  
THE BOARD OF EDUCATION,  
*For Special School District,*

For the Year Ending February 15, 1906.

---

To the Voters of the Special School District :

In submitting our annual report, we are gratified to report the schools in a flourishing condition.

The only change in our teaching force at the beginning of the year was in the first grade, primary, Miss Pierce asking for a leave of absence and Mrs. Scruton, a former teacher in our schools, taking her place.

At the last annual meeting, it was recommended that a male teacher be employed for the grammar room and \$250 extra was appropriated for that purpose. Several things convinced the board that it was not time or for the best interests of the school to make this change. The number in the grammar room would be small, the IX grade numbering only ten. The board sent out notice of the intended change, but did not receive a single application and only one recommendation for the position of male teacher in IX grade, so had a very limited list to select from. As Miss McFadden had done excellent work in this room the previous year, it was thought best to retain her services and the \$250 remains unexpended.

At the opening of the fall term, grade IV was unusually large and made the room in charge of Miss Powell too

crowded. This was easily remedied by putting grade IX into the small hall in charge of Miss Harlow and moving the grades along one down to the IV, leaving all the rooms in very comfortable condition.

The Marion A. Moore fund, which was originally \$1000, is now \$469.30. At the annual meeting of March 23, 1891, the following resolve was passed: "Resolved that the bequest of Miss Moore be known as the Marion A. Moore fund; the income only to be used by the board of education for the benefit of the High School." A part of this fund was used to fit up the present laboratory a number of years ago, but nothing has been taken from it for some time. The board is of the opinion that if this could in time be restored to its original amount and only the income used, the name of its generous donor would be better perpetuated.

We would extend to the citizens of the district our hearty thanks for their liberal aid and kindly support, not a single complaint coming to the board for the year.

JOSEPH W CHADWICK,  
LUCY E. ANNIS,  
CHARLES B. GARDNER,

Board of Education.

WALTER J. A. WARD,  
CHARLES F. GOVE,  
CHARLES S. PERRY,  
Board of Fire Commissioners.

## REPORT OF HILLSBORO BRIDGE VILLAGE FIRE PRECINCT.

---

### COMMISSIONERS;

WALTER J. A. WARD,                      CHARLES F. GOVE,  
CHARLES S. PERRY.  
WILLIAM H. STORY, Treasurer.  
FRANK E. MERRILL, Clerk.

---

Frank M. Parker, who was elected Third Fire Commissioner at the annual meeting, declined to serve, and Charles S. Perry was appointed to fill the vacancy.

---

We have been particularly fortunate in regard to fires, only four alarms having been rung in and damage to property very slight.

We have added one new alarm box, No. 35, at the corner of Henniker and Jackson streets.

The fire apparatus is in good condition and the fire department well equipped with competent men.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House, in said town, on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon to act on the following subjects :

1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent and Town Clerk for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years, and all other necessary town officers or agents for the ensuing year.

2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed, and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

4. To see what sum of money the town will vote to raise for the building and repairing highways, bridges and culverts.

5. To see if the town will vote to raise any money for school purposes other than that required by law, or pass any vote relating thereto.

6. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00) for Sen-

ator Grimes Post, G. A. R., to be used Memorial Day.

7. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

8. To see if the town will vote to raise any money for the support of the Fuller Public Library, or pass any vote relating thereto.

9. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways, under the law passed at the January Session, 1905.

10. To see what action the town will take in regard to the bequest made to said town by Section 2 of the will of Sarah A. Grimes, late of Hillsborough, N. H., deceased, which section reads as follows: "2d. I give, devise and bequeath to the town of Hillsborough, N. H., the sum of Four Hundred dollars, but in trust nevertheless for the following purposes and upon the following terms and conditions, viz: that said town shall forever keep in good condition and repair the family burial lot of my father, Eben Jones, in the cemetery near the old Baptist Church in said town of Hillsborough. That the Board of Selectmen of said Town, or at least one member of said board shall visit said lot during the first week in May, during the first week in July and during the first week in October of each and every year, and at such other times as may become necessary to inspect said lot, cut the grass, keep the stones and monument in order and make such repairs as may become necessary. If said town of Hillsborough declines to accept said fund or having accepted said trust fails to carry out the foregoing provisions, then and in that event said trust shall terminate and said trust fund shall revert back to my estate and shall be divided between my six children now living, in equal shares."

11. To see if the town will vote to extend Whittemore Street to Holman Street or pass any vote relating thereto.

12. To see what action the town will take in regard to building a barn for the use of the town or pass any vote relating thereto.

13. To see if the town will vote to discontinue as an open highway, making same subject to gates and bars, the highway leading from the Charles McColley place, so called, to the Windsor line

18. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-first day of February, in the year of our Lord nineteen hundred and seven.

CHARLES S. FLANDERS,

FRED B. MONROE,

EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE SELECTMEN,

For the Year Ending Feb. 15, 1907.

---

The annual report of the Selectmen for the year ending Feb. 15, 1907, is respectfully submitted.

When the appropriation for town expenses was cut down last spring, it was with the expectation that the reduction of the town debt would be correspondingly diminished from that of the preceding year. The appropriations were made with the object in view of reducing the town debt about one thousand dollars. More than this expected reduction has been made, although there have been unusual expenses amounting to one thousand dollars. The loss of a horse, damages to teams on highways, unusual bills in connection with the Board of Health and the expense of furnishing to the state more than three thousand records of the vital statistics are responsible for this unexpected outlay.

The largest expenditure of money for any one purpose was for the construction of the state road. Nearly a mile of this road has been built. The contract was let at a low figure, being about nine hundred dollars below the average of the other two bids. The contractor was an experienced road builder, having been awarded contracts by several other states. A portion of the road has not proven entirely satisfactory and the Selectmen did not give their approval when the road was accepted. On account of the low figure at which the contract was let, there was money to build more road than was at first surveyed. It seemed desirable to have the remaining money expended on the most muddy

section of the road on the flat and also to have the macadamized road extend as far as the places of Charles French and Leonard Martin. The Selectmen agreed to pay for the extra haul on the stone and also for a short extension of the road if their plan were adopted. This extra expense amounted to forty-five dollars and has not yet been settled. About half a mile of the road has troughed badly in the horse track. When this section of the road was being built, the contractor was unable to get fine stone dust for the top course and the proper cementing qualities seem to be lacking. The contractor and a representative of the state looked the road over with the Selectmen late in the fall. While no definite arrangement was made to remedy the defect, it was the understanding that work should be done on the road another season.

During the year the town debt has been reduced \$1727.17 and the tax rate in the precinct has been reduced fifteen cents on each one hundred dollars of valuation. During the last two years the debt has been reduced \$4309.48 and the tax rate in the precinct has been reduced twenty-one cents.

The Special School District Building Fund amounting to \$1585.13 has been paid to the School Board.

## TRUST FUNDS.

---

The following are the Trust Funds held by the town. We have obtained a certified copy of the clause of each will in which the bequest was made, showing the conditions under which they were received. By request of the Committee raised for this purpose the Selectmen have given the town notes payable to the order of the Selectmen for each bequest not already made promissory.

\$2000.00. Extract from will of Mark W. Fuller.

Article 4th. I give and bequeath to the town of Hillsborough Two Thousand Dollars (\$2000) to be by said town invested as they deem proper, upon the two following conditions, viz:—First, that the said town shall yearly expend for the benefit of said town and its inhabitants, an amount of money equal to the income of this said bequest, the question as to the way and manner in which it shall be expended to be decided by a vote of the town at any legal meeting, and, Second, that the said town shall forever keeb in good and suitable repair and condition the "Fuller Plat" in the cemetery in said town between the "Upper" and "Lower" Villages, and I hereby order and direct my said executrix to pay the same or said sum over to said town as soon as may be after my decease and upon the town accepting the same, upon the stated conditions otherwise, I order the said sum to be paid to my nephew, Wirt X. Fuller of Boston, Mass.

Accepted by town, March 13, 1877; received in year 1877.

\$1000.00. Extract from will of Sarah C. Fuller.

Article 4. I give and bequeath unto the town of Hillsbo-

rough, One Thousand Dollars for the "Fuller Library" established in said town, it being subject to the same conditions from said town that the late Mark W. Fuller bequest to said town was and is, excepting that the first Selectman of said town shall visit the "Fuller Plat" four times a year forever.

Received in the year 1884.

\$100.00. Extract from will of Maria Travis of Mount Vernon, N. H.

Article 1st. I give to the town of Goffstown and the town of Hillsborough (this state) One Hundred Dollars, each, the interest to be appropriated for all future time to keeping my lots and stones in the cemeteries of said towns in good condition.

Accepted by town, March, 1892, received Feb. 11, 1893.

\$100.00. Extract from will of Sarah M. Tagart, late of Lowell, Mass.

Article 1st. I give, devise and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be invested and the interest to be expended for the care of the family burial lot in the Hillsborough Lower Village Cemetery.

Received, March 25, 1897.

\$200.00. Extract from the Town Records of Meeting, March 8, 1898.

Article 11th. To see if the town will vote to accept the sum of Two Hundred Dollars from Caroline M. Burnham, on the condition that the town will forever care for the lot and monument in Deering Cemetery known as the Dr. A. C. Burnham Lot.

No will. Accepted, March, 1898; received, Oct. 19, 1898.

\$100.00. Extract from the will of Catherine W. Bascomb, late of Lynn, Mass.

Article 3d. I give and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be applied to the care and preservation of my burial lot in the cemetery, situate on the Lower Village, so called.

Accepted by town, March, 1899; received May 10, 1899.

\$50.00. Extract from the will of Mary E. M. Smith.

Article 2d. If there shall be any portion of my estate remaining after paying and distributing such sums as shall be necessary for the purposes mentioned in the first item of this will, I give and bequeath to the town of Hillsborough in the county of Hillsborough and state of New Hampshire, the sum of Fifty Dollars, said town to expend the income of the same in the maintenance and care of my burial lot and that of my deceased husband, Jerry Smith.

Accepted by town, March, 1900; received, Feb. 11, 1901.

\$2633.98. Extract from the will of Abney Simonds.

Article 5th. The rest, residue and remainder of my estate, of whatever kind, or wherever found or situate, both personal or real estate, if any, after paying all just debts, legacies and expenses of administration of said estate, I give, bequeath and devise to the towns of Windsor and Hillsborough, to be divided equally between said towns. The amount, if any, shall be safely invested by said towns and the income from the amount *shall be used yearly towards paying the yearly expenses of said towns and for no other purposes*, and shall be known as the Abney Symonds fund.

Received, Nov. 4, 1899.

\$100.00. Extract from the will of George G. Richardson.

Article 12th. I give and bequeath unto the town of Hills-

borough in the County of Hillsborough and State of New Hampshire, the sum of One Hundred Dollars in trust, the income to be used for the benefit and care of my lot, situate in the cemetery between the Lower and Upper Villages.

Accepted by town, March, 1903; received, April 4, 1903.

\$100.00.

Bequest of Abbie C. Murdough of One Hundred Dollars the income to be paid to the M. E. Church Society at Hillsborough Center. Note dated May 1st, 1883, payable on demand to the Selectmen of Hillsborough, or order, on file in the Selectmen's office.

\$100.00. Bequest of the will of Mrs. Wm. H. Gray.

'And I order my executor to keep in trust one hundred dollars, the income to be used to pay for looking after and care of the Wm. H. Gray plat in the cemetery in Hillsborough and for care of said money is not required to give any bond "

This fund was left to John M. Curtis and on his death was turned over to the town.

Respectfully submitted,

CHARLES S. FLANDERS,

FRED B. MONROE,

EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE BOARD OF HEALTH.

---

To the Selectmen and Citizens of the Town of Hillsborough, N. H.:

In May of last year four cases of smallpox developed in the Bridge Village. Your Board was obliged to quarantine two families for more than six weeks. None of the cases proved fatal and the disease did not extend beyond those first directly infected. There have been also two isolated cases of scarlatina, from neither of which did the disease extend, showing the benefit of strict quarantine and disinfection. Two cases of typhoid fever have been reported, both of severe type and both fatal.

We congratulate the citizens upon our escape from epidemics of the above-named contagious diseases.

Respectfully submitted,

JOHN GOODELL,

W. P. GRIMES,

LEON E. ANNIS,

Board of Health.

# HILLSBORO BRIDGE VILLAGE FIRE PRECINCT.

## STATE OF NEW HAMPSHIRE.

To the inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct affairs :

You are hereby notified to meet at Odd Fellows Hall in said Precinct on Monday, the eighteenth day of March, 1907, at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose one or more Water Commissioners to serve five years.
3. To choose three Fire Commissioners, Treasurer, Clerk, Auditors and other necessary Precinct officers for the ensuing year.
4. To hear the reports of the Commissioners, Treasurer, Clerk, Auditors and other officers and committees heretofore chosen and to pass any vote in relation thereto.
5. To see what action the Precinct will take to provide better or new accommodations for the Fire Department and raise money for the same or take any action relating thereto.
6. To see if the Precinct will vote to extend the sewer on Church Street to buildings of Kate Marcy on School Street, appropriate money therefor or pass any vote relating thereto.
7. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct and any other necessary charges arising within said Precinct.
8. To transact any other business that may legally come before the meeting.

Given under our hand and seal this twenty-sixth day of February, in the year of our Lord, nineteen hundred and seven.

CHARLES S. PERRY,  
LOREN E. NICHOLS,  
AMMY O. GOULD,  
Board of Fire Commissioners.

## REPORT OF

For the year ending Feb. 15, 1907.

COMMISSIONERS :

CHARLES S. PERRY.

LOREN E. NICHOLS,

AMMY O. GOULD.

Treasurer, WILLIAM H. STORY.

Clerk, FRANK E. MERRILL.

We have tried to discharge the duties of our office in a conservative and business-like way. In the following pages you will find a detailed account of our work. The fire losses have been small during the past year. Only three fire alarms have been given. The fire alarm system has been tested regularly and is under the care of Eugene C. Rumrill. The firemen have responded to several practice calls and have demonstrated that practice makes perfect, as each man knows his position and how to do the work assigned him. We believe that the Precinct may justly feel proud of its firemen. Below is a list of the men in each company :

## SPECIAL SCHOOL DISTRICT WARRANT.

---

### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district affairs:

You are hereby notified to meet in the Schoolhouse in said district on Monday, the twenty-fifth day of March, 1907, at seven of the clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To choose a member of the Board of Education for two years.
5. To hear the reports of the Board of Education, Treasurer, Auditors and other officers and committees heretofore chosen and pass any vote relating thereto.
6. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings and any other necessary charges arising within said district.
7. To see what disposition the district will make of the building fund of \$1600.00 now on deposit in the Hillsboro Bridge Guaranty Savings Bank.
8. To see what disposition the district will make of the lot now in their possession, situated on Union Street south side.

9. To see what action the district will take in regard to the heating and sanitary conditions of the building and to raise or appropriate such sums of money as are necessary to carry such vote into effect.

10. To see what action the district will take toward paying the balance due on the piano in the High School.

11. To see what action the district will take towards providing better or new accommodations for the schools and raise money for the same, or take any action relating thereto.

12. To see what action the district will take in regard to an increase in the salary of the Board of Education.

13. To choose Auditors, Agents or Committees in relation to any subject embraced in this warrant.

14. To transact any other business that may legally come before said meeting.

Given under our hands this first day of March, in the year of our Lord nineteen hundred and seven.

LUCY E. ANNIS,  
CHARLES B. GARDNER,

Board of Education.

## REPORT OF THE BOARD OF EDUCATION,

*For Special School District,*

For the Year Ending Feb. 15, 1907.

---

The Board of Education submits the following report for the year ending Feb. 15, 1907:

At the beginning of the school year a change took place in the principalship of our schools, caused by the resignation of R. B. Barton.

Mr. Everett T. Whitford of New Bedford, Mass., a young man of much ability and with strongest recommendations was appointed principal and also instructor in music.

The board feels it was more than fortunate in securing the services of Miss Ethel R. Clement as teacher in drawing. The work done in this line deserves the highest commendation.

At the close of the Fall term Miss Gilman resigned to accept a more lucrative position elsewhere. Miss Marian B. Healey of Dorchester, Mass., was appointed to fill this vacancy.

We believe the entire teaching force is laboring earnestly and conscientiously for the advancement of our schools.

At the annual meeting in March it was voted that our district unite with some other town or towns for District

Supervision. A joint board comprising Henniker, Hillsboro and Antrim was formed. After due deliberation, we were very fortunate in securing for our Superintendent, Mr. F. C. Johnson of Boscawen. Mr. Johnson is eminently fitted for this position and it is most gratifying to feel that under his careful and systematic supervision our schools will attain a high degree of excellence, which, we feel confident, could be brought about in no other way.

On Visitors' Day, which occurred Feb. 21st, appropriate exercises were held and the work in all the grades was displayed. A large number of parents and friends availed themselves of this opportunity. The board feels grateful for the words of praise which seemed to be universal.

In accordance with the vote taken at the last meeting, the money raised for building purposes has been drawn from the town treasury and deposited in the Hillsboro Bridge Guaranty Savings Bank.

The Board did not consider that it had sufficient authority under the vote taken last March to sell the building lot on Union Street, so that it remains in the possession of the district.

The heating and sanitary conditions of the school buildings require the serious consideration of the voters of the district and we trust that at the next annual meeting the matter will be agitated and some action taken to improve these conditions.

We extend thanks to the citizens of the district for their liberal aid and for kindly supporting us in all matters which we have deemed it our highest duty to perform.

LUCY E. ANNIS,

CHARLES B. GARDNER,

JOSEPH W. CHADWICK,

Board of Education.

## REPORT OF SUPERINTENDENT OF SCHOOLS.

---

Members of the Board of Education:

I submit herewith a brief report of the schools in the Special District since last September. All the teachers except the Principal were re-elected from last year. During the Christmas recess Miss Gilman, assistant in the High School, resigned to accept a more remunerative position in Massachusetts. Her scholarly instruction in the class room had been very acceptable to us. Miss Marion Healey of Boston, a graduate of Radcliffe College with high honors and also a graduate of the Boston Normal College, was elected to fill the vacancy and entered upon her duties at the beginning of the winter term.

Instruction in singing has been given by the Principal in addition to his other duties. Miss Clement has had charge of the drawing and has created an intense interest in the subject and secured very gratifying results.

The High School course of study was revised by me so that we now have good college preparatory work and also have the approval of the State Superintendent. A very gratifying fact is the large number of tuition pupils in both the High School and the grades. I am informed that the amount of tuition for the fall term was quite a little in excess of previous years. Application has been made for the certificate privilege to the New England College Entrance Board.

The number of pupils in this district as shown on the enumeration blanks is considerably less than the number of last year. In all the grades and in the High School there was a total registration of 248; of these 45 are in the High School.

The schools have a very good equipment of text books, reference books, maps and charts. The school rooms are comfortable and well-lighted. The overloading of the boiler by the necessity of heating more rooms than it was made for causes some inconvenience and is, I doubt not, wasteful of fuel. The school building as a whole cannot be said to be satisfactory because of the crowded condition and the lack of sufficient corridor space. The High School room is too small for the present needs and the number of pupils there ought to be greater than it now is to have a proper proportion of those who complete the Grammar School course. However, it will probably be wiser to wait until there are definite indications of an increased number of students before making any permanent changes.

I am now at work on the organization of the grade studies and hope to have a full outline of the work to be done in each grade ready for approval of the Board in the spring. When this is accomplished I trust even better progress will be made than heretofore.

The interest of the people of the district is strong and their wish for good schools is shown by the amount voted for their support. The Principal and all the other teachers have heartily co-operated with me in my work. I take this opportunity to thank them for this co-operation and to express my gratification for the spirit of helpfulness manifested by the Board in all school matters coming under their consideration.

Respectfully submitted,

F. C. JOHNSON.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House in said town on Tuesday, the tenth day of March next, at nine of the clock in the forenoon to act on the following subjects:

1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent, Town Clerk and Chief of Police for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years and all other necessary town officers or agents for the ensuing year.

2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

4. To see what sum of money the town will vote to raise for the building and repairing highways, bridges and culverts.

5. To see if the town will vote to raise any money for school purposes other than that required by law or pass any vote relating thereto.

6. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

7. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

8. To see if the town will vote to raise any money for the support of the Fuller Public Library, or pass any vote relating thereto.

9. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways, under the law passed at the January Session, 1905.

10. To see if the town will vote to accept from Charlotte Towne the sum of One Hundred dollars (\$100.00), the income to be used in caring for the Ebenezer Towne burial lot in Pine Hill Cemetery.

11. To see if the town will vote to raise any money for the suppression of the Gipsy and Brown Tail Moths or pass any vote relating thereto.

12. To see if the town will vote to raise any money for the purpose of celebrating Old Home Week or pass any vote relating thereto.

13. To see if the town will vote to discontinue as an open highway, making the same subject to gates and bars, the highway leading from the Charles McColley place, so called, to the Windsor line.

14. To transact any other business that may legally come before said meeting.

Given under our hands this twentieth day of February, in the year of our Lord nineteen hundred and eight.

CHARLES S. FLANDERS,  
FRED B. MONROE,  
EUGENE C. RUMRILL,  
Selectmen of Hillsborough,

## REPORT OF THE SELECTMEN,

For the Year Ending Feb. 15, 1908.

---

To the Citizens of Hillsborough :

In presenting our annual report, we have to congratulate you that there have been no unusual expenses more than were contemplated when the appropriations were made. For the town barn property, the sum of \$1650 has been expended. While only \$1000 was specially appropriated, it was not expected that desirable property centrally located could be purchased for this sum. After considering various propositions for securing a stable for the town teams, your selectmen were of the opinion that the Rumrill property was the best for the town of any on the market. The weakest parts of an old building are usually in the sills and flooring timbers, but as an entire new bottom was put in the main building a few years ago, the usual objection did not hold in regard to this property. A great majority of the voters favored having the town horses kept near the fire station, and this property furnished the only opportunity for securing land, barn and outbuildings centrally located for anything near the money expended.

During the year \$1922.03 has been paid on the town debt, real estate has been purchased to the value of \$1650, and \$1083.33 has been set aside for permanent road improvement. During the last three years \$6231.51 has been paid on the debt, town barn property has been purchased at a cost of \$1650, nearly a mile of macadamized road has been built at an expense of \$4673.54, and \$1083.33 has been raised and set aside for permanent road improvement, making the sum of \$13638.38 that has been placed to the credit of the town during this period after paying the ordinary expenses and the interest on the town debt.

## TRUST FUNDS.

---

The following are the Trust Funds held by the town. We have obtained a certified copy of the clause of each will in which the bequest was made, showing the conditions under which they were received. By request of the Committee raised for this purpose the Selectmen have given the town notes payable to the order of the Selectmen for each bequest not already made promissory.

\$2000.00. Extract from will of Mark W. Fuller.

Article 4th. I give and bequeath to the town of Hillsborough Two Thousand Dollars (\$2000) to be by said town invested as they deem proper, upon the two following conditions, viz:—First, that the said town shall yearly expend for the benefit of said town and its inhabitants, an amount of money equal to the income of this said bequest, the question as to the way and manner in which it shall be expended to be decided by a vote of the town at any legal meeting, and, Second, that the said town shall forever keep in good and suitable repair and condition the "Fuller Plat" in the cemetery in said town between the "Upper" and "Lower" Villages, and I hereby order and direct my said executrix to pay the same or said sum over to said town as soon as may be after my decease and upon the town accepting the same, upon the stated conditions, otherwise, I order the said sum to be paid to my nephew, Wirt X. Fuller of Boston, Mass.

Accepted by town, March 13, 1877; received in year 1877.

\$1000.00. Extract from will of Sarah C. Fuller.

Article 4. I give and bequeath unto the town of Hillsbo-

rough, One Thousand Dollars for the "Fuller Library" established in said town, it being subject to the same conditions from said town that the late Mark W. Fuller bequest to said town was and is, excepting that the first Selectman of said town shall visit the "Fuller Plat" four times a year forever.

Received in the year 1884.

\$100.00. Extract from will of Maria Travis of Mont Vernon, N. H.

Article 1st. I give to the town of Goffstown and the town of Hillsborough (this state) One Hundred Dollars, each, the interest to be appropriated for all future time to keeping my lots and stones in the cemeteries of said towns in good condition.

Accepted by town, March, 1892; received, Feb. 11, 1893.

\$100.00. Extract from will of Sarah M. Taggart, late of Lowell, Mass.

Article 1st. I give, devise and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be invested and the interest to be expended for the care of the family burial lot in the Hillsborough Lower Village Cemetery.

Received, March 25, 1897.

\$200.00. Extract from the Town Records of meeting, March 8, 1898.

Article 11th. To see if the town will vote to accept the sum of Two Hundred Dollars from Caroline M. Burnham, on condition that the town will forever care for the lot and monument in Deering Cemetery known as the Dr. A. C. Burnham Lot.

No will. Accepted, March, 1898; received, Oct. 19, 1898.

\$100.00. Extract from the will of Catherine W. Bascomb, late of Lynn, Mass.

Article 3d. I give and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be applied to the care and preservation of my burial lot in the cemetery, situate on the Lower Village, so called.

Accepted by town, March, 1899; received, May 10, 1899.

\$50.00. Extract from the will of Mary E. M. Smith.

Article 2d. If there shall be any portion of my estate remaining after paying and distributing such sums as shall be necessary for the purposes mentioned in the first item of this will, I give and bequeath to the town of Hillsborough in the county of Hillsborough and state of New Hampshire, the sum of Fifty Dollars, said town to expend the income of the same in the maintenance and care of my burial lot and that of my deceased husband, Jerry Smith.

Accepted by town, March, 1900; received, Feb. 11, 1901.

\$2633.98. Extract from the will of Abney Simonds.

Article 5th. The rest, residue and remainder of my estate, of whatever kind, or wherever found or situate, both personal or real estate, if any, after paying all just debts, legacies and expenses of administration of said estate, I give, bequeath and devise to the towns of Windsor and Hillsborough, to be divided equally between said towns. The amount, if any, shall be safely invested by said towns and the income from the amount *shall be used yearly towards paying the yearly expenses of said towns and for no other purposes,* and shall be known as the Abney Symonds fund.

Received Nov. 4, 1899.

\$100.00. Extract from the will of George G. Richardson.

Article 12th. I give and bequeath unto the town of Hills-

borough in the County of Hillsborough and State of New Hampshire, the sum of One Hundred Dollars in trust, the income to be used for the benefit and care of my lot, situate in the cemetery between the Lower and Upper Villages.

Accepted by town, March, 1903 ; received, April 4, 1903.

\$100.00.

Bequest of Abbie C. Murdough of One Hundred Dollars, the income to be paid to the M. E. Church Society at Hillsborough Center. Note dated May 1st, 1883, payable on demand to the Selectmen of Hillsborough, or order, on file in the Selectmen's office.

\$100.00. Bequest of the will of Mrs. Wm. H. Gray.

"And I order my executor to keep in trust One Hundred dollars, the income to be used to pay for looking after and care of the Wm. H. Gray plat in the cemetery in Hillsborough and for care of said money is not required to give any bond."

This fund was left to John M. Curtis and on his death was turned over to the town.

\$200.00. Extract from the will of James A. Tuttle.

Article 1st. I give and bequeath to the Town of Hillsborough, in said County of Hillsborough, the sum of Two Hundred Dollars, the income of the same to be used by said town annually in the care and maintenance of the James M. Tuttle burial lot at Pine Hill cemetery, so-called, at Hillsborough Lower Village, in said town of Hillsborough.

Accepted by town, March 13, 1906 ; received June 29, 1907.

\$400.00. Extract from will of Sarah A. Grimes.

Article 2d. I give, devise and bequeath to the town of Hillsborough, N. H., the sum of Four Hundred dollars,

but in trust nevertheless for the following purposes and upon the following terms and conditions, viz : that said town shall forever keep in good condition and repair the family burial lot of my father, Eben Jones, in the cemetery near the old Baptist church in said town of Hillsborough. That the Board of Selectmen of said Town, or at least one member of said board, shall visit said lot during the first week in May, during the first week in July and during the first week in October of each year, and at such other times as may become necessary to inspect said lot, cut the grass, keep the stones and monument in order and make such repairs as may become necessary. If said town of Hillsborough declines to accept said fund or having accepted said trust fails to carry out the foregoing provisions, then and in that event said trust shall terminate and said trust fund shall revert back to my estate and shall be divided between my six children now living, in equal shares.

Accepted by town, March 12, 1907; received April 13, 1907.

Respectfully submitted,

CHARLES S. FLANDERS,  
FRED B. MONROE,  
EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE BOARD OF HEALTH.

---

To the Selectmen and Citizens of the Town of Hillsborough, N. H.:

The Board of Health begs leave to report that two cases of diphtheria were reported in May last and another case in December, resulting in one death. By prompt quarantine and the use of prophylactic treatment by antitoxin the disease was confined to the individuals and families first attacked.

The expense incurred for medical attendance upon these cases, for antitoxin and aid to the families and for disinfection of the premises, while considerable, was well worth the cost as shown by results.

Two cases of typhoid fever have also been reported—no deaths.

Aside from cases above stated, the community has been free from infectious or contagious diseases.

Your Board wishes again to call the attention of parents to Chap. 93, Sect. 2, Public Statutes, as amended in 1901: No child shall attend any public, parochial or private school unless he has been vaccinated, or has had the smallpox, and this section shall be enforced by the board of health.

JOHN GOODSELL,  
LEON E. ANNIS,  
WARREN P. GRIMES,

Board of Health.

## PRECINCT WARRANT.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct affairs:

You are hereby notified to meet at Odd Fellows Hall in said Precinct on Monday, the sixteenth day of March, 1908, at seven of the clock in the afternoon, to act upon the following subjects.

1. To choose a Moderator for the ensuing year.
2. To choose one or more Water Commissioners to serve five years.
3. To choose three Fire Commissioners, Treasurer, Clerk, Auditors, and other necessary Precinct officers for the ensuing year.
4. To hear the reports of the Commissioners, Treasurer, Clerk, Auditors and other officers and committees heretofore chosen and to pass any vote relating thereto.
5. To see if the Precinct will vote to extend the sewer on Church Street to buildings of Kate Marcy on School Street, appropriate money therefor or pass any vote relating thereto.
6. To see if the Precinct will instruct the Fire Commissioner to purchase new hose or take any vote relating thereto.
7. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct and any other necessary charges arising within said Precinct.
8. To transact any other business that may legally come before said meeting.

Given under our hand and seal this twenty-first day of February, in the year of our Lord, nineteen hundred and eight.

CHARLES S. PERRY,  
LOREN E. NICHOLS,  
A. O. GOULD,

Board of Fire Commissioners.

## REPORT OF THE FIRE COMMISSIONERS

For the Year Ending Feb. 15, 1908.

But one fire has occurred during the past year—March 10th the Congregational parsonage was partly destroyed.

The new Precinct Building will be appreciated by the Fire Department and Precinct Officers as we now have a fire station that is comfortable, modern and compares favorably with other towns. A detailed account will be found under the report of the Building Committee.

As it will soon be necessary to remove the fire alarm striker from the church bell on account of repairs to be made on the church, we have started in to remodel the hose tower and provide a suitable alarm to be placed on the Precinct Building, but owing to the unfavorable weather we were unable to get our plans completed in season to have the account appear in our annual report.

Referring to “Balance Sheet” it will be noticed that there is quite a large balance of cash in the treasury.

It was intended the past year to apply a part of the surplus funds of the water works on the note at the First National Bank (given to pay sewer debt—“General Account”) but it was found that the old cement-lined pipes of

the works are gradually giving out and at a meeting of the Water Commissioners, it was voted to retain any money now in the department and use the same in re-constructing the water system.

Quite an amount of work will be necessary this spring; so that with the cost of these repairs as well as the ordinary expenses of this department, the water commissioners will undoubtedly use a large part of the money now on hand, as well as funds received for water rates, during the coming year.

## TOWN DISTRICT WARRANT.

---

### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town School District of the Town of Hillsborough qualified to vote in district affairs :

You are hereby notified to meet at the School House at Lower Village in said district on the twelfth day of March, 1908, at two o'clock in the afternoon to act on the following subjects :

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subjects embraced in the warrant.
7. To see if the district will vote to raise any money in addition to that required by law for school purposes and repairs of schoolhouses and if so, how much.
8. To see what sum of money the district will raise for the payment of high school tuitions.
9. To see if the district will vote to authorize the School Board to unite with one or more town districts or special districts to form a supervisory district for the purpose of employing a Superintendent of the public schools therein, under the provisions of Chapter 77 of Session Laws of New Hampshire, 1899, and to raise money to carry such vote into effect.

10. To see if the district will authorize the School Board to contract with some high school to furnish instruction to its scholars.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this fourth day of February, 1908.

ELSIE J. BROCKWAY,  
JAMES M. RAY,  
MARY CLEMENT ATWOOD,  
School Board.

To the Citizens of Hillsborough :

The following is presented as the annual report of the Town School Department for the school year 1907-8 :

The town maintained eleven schools in the spring, eight in the fall and nine in the winter. All but two of these schools are graded.

The Board voted last fall to adopt Schedule No. 1 from the State Program of Studies ; also to follow the Program in physiology, civil government, history, Grade III. language and nature work.

Nearly all of the supplies used for the year were ordered, received and accepted by last year's school board, but paid for from this year's money.

During the year the only change in books has been the adoption of the Whitehouse System of Writing. The Silver, Burdette Co. received the old books and gave new ones in even exchange.

The text books now in use are Heath Readers, Cyr's Readers, Ward Readers, McMaster's History, Metcalf English Grammar, Metcalf and Bright's Language Lessons, Part One and Part Two, Milne Arithmetics, Morton's Geographies, Hall's Physiologies and the Whitehouse Educational System of Practical Writing.

The general school supply is now stored in School House No. 4. Inventories of all school supplies were taken at the beginning of the year.

Eight town children have attended the Bridge High School and seven the lower grades.

At the commencement of the fall term the committee had an opportunity to hire a special music teacher, but did not think best to do so without a vote of the district.

Two substitutes have been employed, Miss Nylander of Antrim taught two weeks in School No. 5 and Miss Whitcomb five weeks in No. 13.

The State Registers are correctly filled.

In conclusion we would urge all citizens to visit and familiarize themselves with the schools and especially the State Program of Studies which the state superintendent of public instruction was authorized at the 1905 session of the General Court to prepare as a model for the common schools.

ELSIE J. BROCKWAY,  
JAMES M. RAY,  
MARY CLEMENT ATWOOD,  
School Board.

## Report of the Board of Education.

---

The Board of Education submits to your consideration the following reports and statistics, including a report from the Superintendent and reports to him, and wishes to endorse the recommendations as to lighting, new room for High School and the introduction of a Commercial course. The general management and progress of the school is well covered by the various reports to which your attention is directed. At the last annual meeting, the Board of Education was instructed to install suitable heating apparatus, to be paid for from the so-called building fund. A boiler and increased radiation have been provided, which have easily kept the building warm at all times; according to report, the first winter since the addition was built when this condition prevailed. The cost of this installation was \$1,302.76, paid from the "Building Fund," of which a balance of \$199.22 is on hand. A storm porch has been placed at the main entrance, keeping out much cold air during the passage of the pupils in and out.

A few minor repairs are advised as follows: New floors in two of the rooms, porch over the door on north side of building and covering pipes in the basement, and the district will be asked to raise money for these items.

Your attention is called to the item of tuition receipts, which we believe is the largest amount we have ever received.

CHARLES B. GARDNER,  
GEORGE W. HASLET,  
MARY A. CROSBY.

## Report of Superintendent of Schools.

---

Members of the Board of Education :

I submit herewith the second annual report of this office :

The work done in the schools justly demands the first place in such a report. I am glad to say that there has been a constant improvement in the whole character of the High School during last year and this. The pupils are now working along definite lines, are studious and well behaved. For further discussion of the school I refer you to the Principal's report.

Last year we began to do much more reading in the lower grades than formerly. The result is that the present second grade was ready to begin in September the same work that the second grade took up last year in January. A teacher from a neighboring town recently compared the work of this grade in reading very favorably with her own fourth grade.

The other major subjects are being advanced in a similar manner and as fast as seems wise without any crowding or lack of continued progress.

Physiology and Civil Government, the only two subjects which the law says must be taught, but which are too often neglected or omitted, have been given their proper places in the curriculum.

In order to systematize the work of the teachers, who are following as closely as practicable the State Program of Studies, a list of the text books to be used in each grade has been furnished to them. This is especially necessary to ensure systematic work in supplementary reading.

By this systematic advance in each grade we find that the lower grades are approximating very closely the work

of each year as laid down in the State Program. As this Program is made out on the basis of eight grades instead of nine, in conformity with the custom now prevailing, it would seem that in the near future our eighth grade would be ready for High School. My standpoint in the matter is that the way to know is to try, but as it would be unfair to the present upper grades to confine them to eight years, I advise simply to continue the nine year basis until the present lower grades prove whether they will need eight or nine years to do the work.

Of special bearing upon this question is the result of having a teacher to relieve the rooms with two grades and to give attention to those who for any reason have fallen behind in their work. With the passing on to the upper grades of the unusually large entering class of a few years ago it seemed unnecessary to the Board to continue the rent of a room outside the building for the first grade; consequently the third and fourth grades were put into one room and the extra teacher thus secured was given a separate room. This plan is being used in many places with very general success. I am well convinced of the successful working of the principle here and have extended it to another of my schools with success there also. The result here has been to give the teachers more time for their work and to enable the pupils who have been delayed for any reason to regain, in many instances, their places in their grades. The regular work of the room also moves along faster. A continuance of this system in some form will probably prove the eight-year course perfectly feasible.

We have had somewhat more than the average number of changes in our teachers the past year. Among these were two who had served our schools for several years faithfully and well. I refer to Miss Emily Kendall, who resigned at the end of the fall term to be married, and to Miss

May Harlow, who resigned at the same time to accept a Grammar School principalship. We are especially glad to have the former continue a member of the community and have had occasion to call upon her for substitute work quite often during the present term. Our best wishes for success are extended to the latter in her new field of labor. Mr. H. C. Stoughton came to us from a year of successful service in the Henniker High School and as principal has successfully continued the work begun last year by Mr. Everett T. Whitford, who resigned to enter upon the work of Superintendent. Miss Sarah Dolan, a graduate of Radcliffe College, and Miss Ethel F. Swan, of Boston University, are the present assistants in the High School, the latter also having charge of the ninth grade. Miss Mary I. Powell, who formerly had charge of the fourth grade and did special work during the fall term, was transferred to the room left vacant by Miss Kendall, and Miss Pertie I. Gray, a graduate of Plymouth Normal School, is now in charge of the special room.

We have been especially fortunate in securing supervisors for our drawing and music who are trained in their special lines for school work and are carrying on their work here as well as in their other towns in such a way as to deserve the praise of all and especially of those skilled in these subjects.

We, in common with the other towns of the State, must be prepared to meet the question of increasing salaries paid for trained teachers who give promise of more than mediocre work. The demand for such teachers is in excess of the supply and promises to become even more so for the next few years. I trust you will take this fact into account and give the District an opportunity to furnish the means necessary to maintain our teaching force at its present high standard.

The efficiency of the school has been very greatly increased by the fact that the new boiler is well able to provide sufficient steam even in the coldest days. The work last year was often interfered with by the inability to get sufficient steam to heat the building. I am told by the teachers that this was the usual experience in winter. A day of school omitted means not only that day lost but a serious unsettling of the work for several succeeding days. With an expensive institution like a large school wise economy demands as little idle time as possible. The ventilating radiators, while not intended to supply a sufficient quantity of fresh air, yet help much to overcome the lack of proper ventilation.

The question of sufficient room for the High School is a pressing one and the plan referred to by the principal in his report has my hearty approval.

I have previously mentioned the increased efficiency of the school by reason of proper heating apparatus. I wish to refer to another means of still further securing efficiency. This year especially, I find pupils, teachers, the janitor, and the superintendent all being compelled to leave the school building sooner than their work demands because of darkness. Moreover, the entire teaching time is shortened one-half hour daily for about three months, one-third the school year, by reason of lack of light sufficient to do the work. It would seem, therefore, that in order to secure proper returns on the money invested in our schools we must provide light for the two upper floors and for the teachers' desks, at least, on the lower floors. My reason for not urging it for the lower floors also is that a shorter day is observed in the first two grades and this could be extended during the time needed to the third and fourth grades, but the teachers would need light for their work after school hours,

By having a list of the text-books needed in each of the grades I am enabled to foresee the needs in these lines and accordingly have recommended books and supplies in time to have them come in large amounts by freight, thus saving considerable that would be paid out for express if each need was supplied as it occurred. My first recommendation for supplies under this plan was presented to you at your first meeting. Other needs in the text-book line have been supplied during the year until we now have a fairly well equipped stock of text-books. Of course the additions necessary to keep up this stock will not entail as much expense as was necessary to provide it. Another line of equipment that will need only small additions from time to time is the Physics apparatus that was added this year in accordance with the requirements of our approval by the State Superintendent. With these more pressing needs supplied, our attention will now be turned to a better equipment in reference works for the High School, busy work equipment for the lower grades and a general enrichment of the school facilities.

The next forward step for our High School will be the introduction of a Commercial Course. As far as the school is concerned the time is now at hand to consider this. Inasmuch as such a measure would require an extra teacher, I suggest that the voters of the district be given the opportunity to express themselves in this matter. I am heartily in its favor and believe it would be a move that would increase our tuition funds as well as provide a four years' training for a large number of our pupils that would otherwise leave school at the end of the ninth year or sooner.

Permit me to formally recommend the change in the High School room and the introduction of artificial lighting. These two I believe essential to our efficient work. I submit to your wisdom without urging it as a vital need of

the school, yet believing it to be of importance and for the District to express an opinion about, the question as to introducing a Commercial Course.

Permit me in closing to thank the teachers for all co-operation given me, yourselves for the intelligent way of dealing with an executive whose success in his work depends so fully upon your confidence in him and willingness to refrain from interference in his part of the work, and the community for its liberal support of the schools and the many courtesies to myself and family.

I submit also the reports of the High School Principal, Supervisor of Music and Supervisor of Drawing.

Respectfully submitted,

F. C. JOHNSON.

## Report of Principal.

---

To the Superintendent of Schools:

My report will cover only the period during which I have been connected with this institution.

Since September, 1907, the registration has reached forty, eleven of this number being non-resident pupils. A small loss has been sustained, due principally to sickness or necessity.

We were temporarily crippled, at the beginning of this term, by the loss of our two assistants who resigned to accept more lucrative positions. We have, however, very fortunately filled these vacancies and both the new teachers are doing excellent work.

It is the aim of the Principal and his assistants to put this High School on a level with the best institutions of its kind. Good scholarship, punctuality, strict discipline, the ability to do hard work and, above all, good work are habits which, if faithfully cultivated, make for good citizenship, and to the training of our boys and girls along these lines our best efforts are directed.

The school was in fairly good condition when I took it, but several changes occur to me which, if adopted, will materially benefit the institution. The work in the English department has previously been unorganized. To remedy this, I have worked out and put into operation a complete course in English which fully meets the most exacting requirements of the colleges and of this state. The work in the other departments I have found much better, but a thorough revision of each course of study either has been or is being made.

All the subjects called for in our program are not included in our present schedule, but with another year there

will be scholars for every subject. This will make necessary an addition to our teaching force. At present we have the full time of one, and one-half the time of a second assistant. To cover all the ground next year we must have the equivalent of the full time of two assistants.

Our present assembly room, crowded to its limit, will accommodate forty-nine pupils. A very conservative estimate based on present indications, places the number of pupils for next year at from fifty to sixty. We need a larger assembly hall. I have already suggested to you how the room known as "School Hall" could, at small cost, be transformed into an assembly hall for the High School. A few slight changes in some of the rooms there would make it possible for all the work of the High School to be done on one floor instead of on two floors as at present. The plan would quickly commend itself to any who might care to investigate the matter. But little is needed to make this a strictly first-class High School and it is my earnest hope that this little may be granted to us.

H. C. STOUGHTON,

Principal.

## Report of Supervisor of Music.

---

To the Superintendent of Schools:

As I have been in the schools of Hillsboro Bridge for only a comparatively short time, my report to you will of necessity, be a report of progress rather than a statement of any very definite results that have been accomplished, although I am of the firm opinion that the quality of the tone throughout the grades is much better than it was three months ago. This is a gain, as the importance of a good tone both in speaking and singing cannot be overestimated. The pupils of the grades are interested in the subject of music because they are learning to read music and that rapidly, in an interesting manner.

Lack of space precludes any consideration at this time of the influence of school music training on the child, mentally, morally and physically. The work in music in the school room will however, and, for that matter, is today exerting its influence on the nation. The subject is not now considered so much a mere accomplishment as a vital part of the child's regular training.

Universities and colleges all over the land have lately taken the step of accepting music study as an equivalent for a portion of the regular work in science, mathematics and language. This means that the elementary and secondary schools will, sooner or later, be compelled to follow along these lines; that is, a condition will, and to my mind should, exist whereby music study will have equal rating and be recognized as having educational value as equal in importance to the average subject matter contained in school text books. Here follows the aims and courses of study in music, as arranged by your supervisor.

The general aims may be phrased as follows:

To teach the language of music, its sounds and symbols for singing and reading, the mastery of which is shown in sight translation.

To develop the emotional nature by means of song interpretation, the result of which is shown in singing or in written work.

To develop the aesthetic sense by the study of proper tone production, beauty in melody and rhythm, beauty in symmetrical form both small and large, the result of which may be shown in singing, written work, and in music analysis.

To develop a love for good music by the study of musical history and biography and the representative works of the great masters.

Thus music becomes a medium for the expression of emotion, exerts to the greatest degree its cultivating and refining influence upon life and character by its appeal to the artistic and aesthetic nature, and promotes the ethical aims of education.

#### COURSE OF STUDY.

GRADE 1. The major scale with syllables and numbers. Staff reading of the 8 scale tones. Simple progressions. The first principle in time represented by quarter, half, dotted half and whole notes. Rote songs. The following names with the representation: Line, space, g clef, bar, double bar and measure. Individual singing. Written work.

GRADE 2. More difficult melody in reading. The second time principle represented by two eighth notes. Rote songs, pitch names of lines and spaces. Individual singing and written work.

GRADE 3. Ability to read difficult melody. Last half of year finding key note ("DO") from any signature. The third principle in time represented by dotted quarter and

eighth notes. Rote songs. Individual singing and written work.

GRADE 4. Names of 15 major keys. All chromatic tones in progression down and back a half step, using a sharp for the representation and if necessary a double sharp and cancel (natural.) Thorough review in time principles presented in grades 1, 2 and 3. Song interpretation. Simple terms of musical expression and tempo. Two part singing classwise. Written work and individual singing.

GRADE 5. All chromatic tones, in progression up a half step and back, using a flat for the representation. In time, Arithmetic as applied in music. The theory of common time. Song interpretation. Musical terms. Individual singing and written work.

GRADE 6. Position of sharps and flats in the signature. The five chromatic characters in singing and writing. These principles in time: The triplet, first and second form and their modifications. The rhythm represented by four sixteenth notes. The rhythm represented by dotted eighth and sixteenth notes. The theory of compound time. Song interpretation. Individual singing and written work.

GRADE 7. General review and in time possibly syncopation. Song interpretation. Musical terms. Three part singing. Individual singing and written work.

GRADE 8. The Bass clef, reading of the tenor part. In time general review. Song interpretation. Three or four part singing. Sight reading with words. Individual singing and written work.

GRADE 9. Song interpretation. Three or four part singing. Sight reading with words. Possibly elementary harmony. History and biography work in musical form. Individual singing and written work.

Respectfully submitted,

ALBERT E. BROWN

## Report of Supervisor of Drawing.

---

To the Superintendent of Schools:

The following report on drawing in the Hillsboro Schools is presented:

In the High School and in the ninth grade the work has been chiefly the study of applied design. Some little instruction has been offered these grades in the making of original designs. Designs thus made by the pupils have been put to practical use by the making of brass trays, candlestick holders, book covers and similar useful articles.

In the lower grades the work in drawing has been correlated as far as possible with the other branches of work, especially language and history. In the Spring it will be employed especially to illustrate and to help nature study.

It is my aim in teaching drawing in the schools to enable each pupil to feel that drawing is not merely the portrayal of attractive objects, but is a great help in every day life and in all other branches of school work. A good example of the former is the study of color by which one should learn how to dress in good taste, how to furnish or decorate the home attractively, and do many other things which need the knowledge of the use of color.

It has been a great pleasure to me in my work of teaching drawing to find the teachers and pupils so much interested in the work. I wish especially to thank the teachers for this interest and for their hearty co-operation.

Respectfully submitted,

SADIE M. REED,

Supervisor of Drawing.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House in said town on Tuesday, the ninth day of March next, at nine of the clock in the forenoon to act on the following subjects:

1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent, Town Clerk and Chief of Police for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years and all other necessary town officers or agents for the ensuing year.

2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

4. To see what sum of money the town will vote to raise for the building and repairing highways, bridges and culverts.

5. To see if the town will vote to raise any money for school purposes other than that required by law or pass any vote relating thereto.

6. To see if the town will vote to raise a sum of

money, not to exceed seventy-five dollars (\$75.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

7. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

8. To see if the town will vote to raise any money for the support of the Fuller Public Library, or pass any vote relating thereto.

9. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways, under the law passed at the January Session, 1905.

10. To see if the town will vote to raise and appropriate three hundred dollars (\$300.00) to be used for the enforcement of the Prohibitory Liquor Law in this town.

11. To transact any other business that may legally come before said meeting.

Given under our hands this twentieth day of February, in the year of our Lord nineteen hundred and nine.

CHARLES S. FLANDERS,

FRED B. MONROE,

EUGENE C. RUMRILL,

Selectmen of Hillsborough.

## REPORT OF THE SELECTMEN

For the Year Ending Feb. 15, 1909.

---

To the Citizens of Hillsborough :

The time is again at hand for the officers of the people to render an account of their stewardship. It has been found necessary for some of the accounts to overrun the appropriations. The sidewalk on the long bridge had to be relaid at an expense of nearly two hundred dollars and about this sum has been expended on sidewalks more than was appropriated. The forest fires cost the town several hundred dollars. The heavy rains during the fall of 1907 left the roads in such a condition that the regular road money was insufficient to place them in a satisfactory condition. The sum total of the outstanding notes against the town has been reduced \$1835 and the debt has been reduced \$583.81. We trust that by a reference to the different departments you will obtain the information necessary for a correct understanding of the disbursements.

Through the generosity of George W. Lincoln those doing business with the town have the free use of a telephone at the town office.

## TRUST FUNDS.

---

The following are the Trust Funds held by the town. We have obtained a certified copy of the clause of each will in which the bequest was made, showing the conditions under which they were received. By request of the Committee raised for this purpose the Selectmen have given the town notes payable to the order of the Selectmen for each bequest not already made promissory.

---

\$2000.00. Extract from will of Mark W. Fuller.

Article 4th. I give and bequeath to the town of Hillsborough Two Thousand Dollars (\$2000) to be by said town invested as they deem proper, upon the two following conditions, viz :—First, that the said town shall yearly expend for the benefit of said town and its inhabitants, an amount of money equal to the income of this said bequest, the question as to the way and manner in which it shall be expended to be decided by a vote of the town at any legal meeting, and, Second, that the said town shall forever keep in good and suitable repair and condition the "Fuller Plat" in the cemetery in said town between the "Upper" and "Lower" Villages, and I hereby order and direct my said executrix to pay the same or said sum over to said town as soon as may be after my decease and upon the town accepting the same, upon the stated conditions, otherwise, I order the said sum to be paid to my nephew, Wirt X. Fuller of Boston, Mass.

Accepted by town, March 13, 1877 ; received in year 1877.

---

\$1000.00. Extract from will of Sarah C. Fuller.

Article 4. I give and bequeath unto the town of Hillsborough, One Thousand Dollars for the "Fuller Library" established in said town, it being subject to the same conditions from said town that the late Mark W. Fuller

bequest to said town was and is, excepting that the first Selectman of said town shall visit the "Fuller Plat" four times a year forever.

Received in the year 1884.

---

\$100.00. Extract from will of Maria Travis of Mont Vernon, N. H.

Article 1st. I give to the town of Goffstown and the town of Hillsborough (this state) One Hundred Dollars, each, the interest to be appropriated for all future time to keeping my lots and stones in the cemeteries of said towns in good condition.

Accepted by town, March, 1892 ; received, Feb. 11, 1893.

---

\$100.00. Extract from will of Sarah M. Taggart, late of Lowell, Mass.

Article 1st. I give, devise and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be invested and the interest to be expended for the care of the family burial lot in the Hillsborough Lower Village Cemetery.

Received, March 35, 1897.

---

\$200.00. Extract from the Town Records of meeting, March 8, 1898.

Article 11th. To see if the town will vote to accept the sum of Two Hundred Dollars from Caroline M. Burnham, on condition that the town will forever care for the lot and monument in Deering Cemetery known as the Dr. A. C. Burnham Lot.

No will. Accepted March, 1898 ; received Oct. 19, 1898.

---

\$100.00. Extract from the will of Catherine W. Bascomb, late of Lynn, Mass.

Article 3d. I give and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be applied to the care and preservation of

my burial lot in the cemetery, situate on the Lower Village, so called.

Accepted by town March, 1899; received May 10, 1899.

---

\$50.00. Extract from the will of Mary E. M. Smith.

Article 2d. If there shall be any portion of my estate remaining after paying and distributing such sums as shall be necessary for the purposes mentioned in the first item of this will, I give and bequeath to the town of Hillsborough, in the county of Hillsborough and state of New Hampshire, the sum of Fifty Dollars, said town to expend the income of the same in the maintenance and care of my burial lot and that of my deceased husband, Jerry Smith.

Accepted by town March, 1900; received Feb. 11, 1901.

---

\$2633.98. Extract from the will of Abney Simonds.

Article 5th. The rest, residue and remainder of my estate, of whatever kind, or wherever found or situate, both personal or real estate, if any, after paying all just debts, legacies and expenses of administration of said estate, I give, bequeath and devise to the towns of Windsor and Hillsborough, to be divided equally between said towns. The amount, if any, shall be safely invested by said towns and the income from the amount *shall be used yearly towards paying the yearly expenses of said towns and for no other purposes,* and shall be known as the Abney Simonds fund.

Received Nov. 4, 1899.

---

\$100.00. Extract from the will of George C. Richardson

Article 12th. I give and bequeath unto the town of Hillsborough in the County of Hillsborough and State of New Hampshire, the sum of One Hundred Dollars in trust, the income to be used for the benefit and care of my lot, situate in the cemetery between the Lower and Upper Villages.

Accepted by town March, 1903; received April 4, 1903.

---

\$100.00.

Bequest of Abby C. Murdough of One Hundred Dollars, the income to be paid to the M. E. Church Society at Hillsborough Center. Note dated May 1st, 1883, payable on demand to the Selectmen of Hillsborough, or order, on file in the Selectmen's office.

---

\$100.00. Bequest of the will of Mrs. Wm. H. Gray.

"And I order my executor to keep in trust One Hundred dollars, the income to be used to pay for looking after and care of the Wm. H. Gray plat in the cemetery in Hillsborough and for care of said money is not required to give any bond."

This fund was left to John M. Curtis and on his death was turned over to the town.

---

\$200.00. Extract from the will of James A. Tuttle.

- \* Article 1st. I give and bequeath to the Town of Hillsborough, in said County of Hillsborough, the sum of Two Hundred Dollars, the income of the same to be used by said town annually in the care and maintenance of the James M. Tuttle burial lot at Pine Hill cemetery, so-called, at Hillsborough Lower Village, in said town of Hillsborough.

Accepted by town March 13, 1906; received June 29, 1907.

---

\$400.00. Extract from will of Sarah A. Grimes.

Article 2d. I give, devise and bequeath to the town of Hillsborough, N. H., the sum of Four Hundred dollars, but in trust nevertheless for the following purposes, and upon the following terms and conditions, viz: that said town shall forever keep in good condition and repair the family burial lot of my father, Eben Jones, in the cemetery near the old Baptist church in said town of Hillsborough. That the Board of Selectmen of said

Town, or at least one member of said board, shall visit said lot during the first week in May, during the first week in July and during the first week in October of each year, and at such other times as may become necessary to inspect said lot, cut the grass, keep the stones and monument in order and make such repairs as may become necessary. If said town of Hillsborough declines to accept said fund or having accepted said trust fails to carry out the foregoing provisions, then and in that event said trust shall terminate and said trust fund shall revert back to my estate and shall be divided between my six children now living, in equal shares.

Accepted by town March 12, 1907 ; received April 13, 1907.

---

\$100.00. Extract from the Town Records of meeting, March 10, 1908.

## REPORT OF THE BOARD OF HEALTH.

---

To the Selectmen and Citizens of the Town of Hillsborough, N. H.:

The Board of Health begs leave to report that, with the exception of two cases of diphtheria and a few cases of measles of mild type, this community has been free from infectious or contagious diseases, a fact very gratifying to your Board. There have also been fewer calls for the abatement of nuisances than usual.

The general sanitary condition of the town is satisfactory, the water supply well cared for and we hope for a continuance of the present favorable conditions.

Respectfully submitted,

JOHN GOODELL,  
WARREN P. GRIMES,  
LEON E. ANNIS,

Board of Health.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct affairs:

You are hereby notified to meet at Odd Fellows Hall in said Precinct on Monday, the fifteenth day of March, 1909, at seven o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose one or more Water Commissioners to serve five years.
3. To choose three Fire Commissioners, Treasurer, Clerk, Auditors, and other necessary Precinct officers for the ensuing year.
4. To hear the report of the Commissioners, Treasurer, Clerk, Auditors, and other officers and committees heretofore chosen, and to pass any vote relating thereto.
5. To see if the Precinct will vote to raise the pay of the firemen from twenty-five cents per hour to forty cents per hour for time spent by them at fires, or pass any vote relating thereto.
6. To see if the Precinct will vote to establish the salary of the Chief Engineer and of each of his assistants, or pass any vote relating thereto.
7. To see if the Hillsborough Bridge Village Fire Precinct will vote to raise the dam at Loon Pond two feet and raise money to pay for same, or pass any vote relating thereto.
8. To see what action the Precinct will take in regard to sprinkling the streets and raise money therefor, or pass any vote relating thereto.

9. To see if the Precinct will vote to build and maintain a sewer on Woodlawn Avenue and raise money therefor, or pass any vote relating thereto.

10. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct, and any other necessary charges arising within said Precinct.

11. To transact any other business that may legally come before the meeting.

Given under our hand and seal this twenty-fifth day of February, in the year of our Lord, nineteen hundred and nine.

CHARLES S. PERRY,  
LOREN E. NICHOLS,  
AMMY O. GOULD,  
Board of Fire Commissioners.

During the summer of 1908, the commissioners relaid 2000 feet of six and eight inch pipe (720 feet of 6 inch and 1280 feet of 8 inch) replacing the old cement lined with cast iron pipe of suitable strength.

The entire cost of this work was \$2000.43, of which \$1474 was charged to "income account" and \$526.43 to "Excess renewal." This latter amount is added to the cost of the works and shows in "Construction account" above.

The reconstruction of the supply pipe line from Loon Lake to the intermediate reservoir on Bible Hill now under way is in accordance with recommendations made by Mr. A. W. Forbes, C. E., of Boston.

It is the plan of the commissioners to replace another section of this line the coming season and to pay for same from water funds in the treasury.

The Commissioners hope to complete the relaying this line of pipe in two or three seasons more.

### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town School District of the Town of Hillsborough qualified to vote in district affairs :

You are hereby notified to meet at the School House at Lower Village in said district on the eleventh day of March, 1909, at two o'clock in the afternoon to act on the following subjects :

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing two years.
4. To choose a member of the School Board for the ensuing three years.
5. To choose a treasurer for the ensuing year.
6. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subjects embraced in the warrant.
8. To see if the district will vote to raise any money in addition to that required by law for school purposes and repairs of schoolhouses and if so, how much.
9. To see what sum of money the district will raise for the payment of high school tuitions.
10. To see if the district will vote to rescind the vote passed at the annual meeting of said district in March, 1908, uniting said district with one or more town districts or special districts to form a supervisory district for the purpose of employing a Superintendent of the public

schools therein, under the provisions of Chapter 77 of Session Laws of New Hampshire, 1899, or take any other action relating thereto.

11. To see if the district will authorize the School Board to contract with some high school to furnish instruction to its scholars.

12. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this twentieth day of February, 1909.

JAMES M. RAY,  
MARY C. ATWOOD,  
MINNIE P. GAY,  
School Board.

## Report of School Board.

To the Citizens of Hillsborough :

The following is presented as the annual report of the Town School Department :

The town maintained nine schools in the spring, eight in the fall and eight in the winter.

The supplies for the year have been ordered, received and paid for from this year's money and there are no outstanding bills for the same. Inventories have been taken several times during the year. Supplies and books not in use are stored in School House No. 4.

The only change in text books has been the adoption of "Lessons in English" by Scott & Southworth. The text books now in use are Heath Readers, Cyr's Readers, Ward Readers, McMaster's Histories, Lessons in English by Scott & Southworth, Milne Arithmetics (old), Hall's Physiologies and the Whitehouse Educational System of Practical Writing.

In the month of September, as required by law, a census of the children of school age was taken in the town district. There were reported 61 boys, 55 girls, a total of 116 children between the ages of five and sixteen years. Of these 70 were born in Hillsboro, 38 were born elsewhere in the United States, 3 were born in foreign countries and of the others the places of birth were unknown.

The State Registers are correctly filled to date.

In conclusion we urge all citizens to familiarize themselves with the State Program of Studies and quote the following from the Program, Page 7 :

"Nobody can claim to be all-wise, but it is better to seize upon and follow an opinion which commends itself as sound to those appointed in authority than to run a race of opinions with all the inevitable shifting involved."

## Report of Superintendent of Schools.

Members of School Board:

Following is a brief report of the work of the Superintendent for the fall and winter terms of school together with comments and suggestions:

During last spring term, by an arrangement made with the members of the supervisory district as it then existed, I had the opportunity of visiting the schools and getting acquainted with the work. On the fifteenth of July last the new supervisory district came into existence, and since then I have given one-sixth of my time to your schools in accordance with instructions.

The pressing need for the work of a superintendent, especially in a new district, is in the school room, noting the work there done, the attendance, discipline and methods of instruction, and the surroundings and equipment for the work.

Accordingly I have used all my time during school hours in visiting the schools and advising with the teachers as to work to be done, ways of improving instruction, and books to be used. The formal teachers' meetings and office work of the city superintendent have very little practical value for us at present.

Believing that evolution is better than revolution I have taken the work where I have found it and have suggested no radical changes. The newer methods of work, while excellent in themselves if properly handled, may be positively injurious if not properly understood. I have therefore encouraged the teachers to adopt and apply those elements of the new in their own way. They have done this faithfully and in some cases have obtained excellent results, while all have added to their efficiency and teaching power.

There was on hand such a quantity of text books that

I felt the best interests of the schools demanded a complete knowledge of the number of each kind on hand and their condition and then a wise distribution and use. Although I attempted a complete inventory at the end of last year, I found out later that several school buildings, not in use last spring term, had supplies of text books. However, there were more than enough books on my list to provide the schools, so I recommended no purchase of new text books with the exception of the adoption of new grammars in place of the old ones which were worn out. The supply of paper for arithmetic and other work done with the pencil was secured at a reduction of two cents a package from the ordinary prices by buying in bulk. By having quotations direct from the manufacturers I secured for you a reduction of twenty-five cents per gross on lead pencils. We also secured the additional ten per cent. discount on the new grammars by exchanging the old ones for these.

However, an economy that defeats its own ends is not beneficial. If the only question were to save money the people could do it most effectively by putting out none at all for schools. But the task that is demanded is an efficient economy. The money saved for the town by the superintendent in the purchase and administration of supplies, because of his opportunity and time for information on the subject, should be transferred from the appropriation for text books and supplies to that for the salaries of teachers, in order that we may have the best possible teachers consistent with our means. Hillsboro has been especially liberal in its appropriation for school supplies. I would urge a smaller appropriation for these and the addition of the one or two hundred dollars thus to be saved to the appropriation for schools, and available especially for paying higher salaries to teachers, thus assuring an even higher standard of instruction.

I wish to make it clear that this saving is the natural result that the town has a right to expect from employing one man to spend his time in looking after the schools. No credit is due the present superintendent and no criticism is implied upon the present or former school boards. The credit is due the system and is the result of a well known business principle. You have a right to expect more for the same money or the same for less money when one man recommends and handles supplies, than when several have it to do as a side issue to their regular work.

One permanent improvement that you have made to the equipment of the schools, but which will not be available until spring, should be mentioned. Blackboards with slate surfaces will be placed in several, if not all the schools. These will be framed so they can be readily put up or taken down by one man and transferred from any school building that has been closed to another one that has been opened. Thus efficiently and economically the blackboard question will be settled for a number of years, unless more schools are run each year than at present.

As to consolidation of schools, I desire to say one word. A full discussion would be too long for this report.

I believe your present excellent system of combining, where possible, should be continued. I think more importance will have to be given to the transportation side of the question and the present method of paying so many different individuals changed, wherever practicable, to that of providing one good team with proper driver for each section where the number will warrant it. To the community I would say that I am acquainted with and have sympathy with many of the objections raised to the closing of a school in their vicinity. I believe that every case has to be fully and wisely considered before such a step is taken. On the other hand I wish to urge that a

schoolhouse with a teacher and pupils in it may be far from having any effect educationally. It may be a place where only idleness and loss of interest are engendered. Yes, even moral degeneracy may ensue. I unhesitatingly declare such pupils better off in a decent home, without any definite schooling, except the training to read and write. And such danger is the most imminent in the small school with crude outhouses whose walls blunt more or less deeply the sensitiveness of every boy or girl whose eyes fall upon them. With the larger school, better teaching and better surroundings are possible.

I have spoken of an economical and efficient management of supplies, of the possibility of securing more money thereby to pay teachers, and of the consolidation of schools as a help toward securing a strong teaching force. There is at present a bill before the legislature which, if passed, would give a further rebate by the State to this district of one-half to one-third of the amount now raised for supervision. The bill also contains a provision for payment by the State to districts coming under its terms the sum of three dollars per week for each teacher engaged who is a Normal School graduate or holds a State certificate. By a continuance of the present policy together with the economies recommended I believe it would be possible to have, with little extra expense, a trained teacher in each of our schools. I trust the district may be keenly alert to the opportunity thus promised and be ready to avail itself of all such means that the State may offer.

I very gladly record the cordial relations with you body, with the teachers and with those of the community whom I have had the opportunity to meet. These all have their influence in telling for good schools.

Respectfully submitted,

F. C. JOHNSON.

## SPECIAL SCHOOL DISTRICT WARRANT.

---

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district affairs:

You are hereby notified to meet in the schoolhouse in said district on Monday, the twenty-second day of March, 1909, at seven of the clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To hear the reports of the Board of Education, Treasurer, Auditors and other officers and committees heretofore chosen, and pass any vote relating thereto.
5. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings, and any other necessary charges arising within said district.
6. To choose Auditors, Agents or Committees in relation to any subject embraced in this warrant.
7. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-fourth day of February, in the year of our Lord nineteen hundred and nine.

LEON E. ANNIS,

GEORGE W. HASLET,  
Board of Education.

## Report of the Board of Education.

---

The Board of Education presents herewith its report for the fiscal year ending Feb. 15, 1909, and the school year ending Aug. 31, 1908, together with reports from the superintendent of schools and reports to him. We urge your careful perusal of these reports, as they give a full resume of the school work with valuable recommendations.

As recommended at the last annual meeting, a Commercial course has been introduced in the High School, which has proved very successful, more pupils entering this course than was anticipated.

The changes in the High School involved the purchase of new desks and the laying of a large amount of new flooring. Most of the rooms need new floors, and it is advised that the principle be adopted of raising enough money each year to provide for one room, until all the rooms are furnished with new floors.

Attention is called to the item of tuition, which is much larger than for any year heretofore. As the standard of the school is raised, it is hoped that this amount may be still more increased.

Some improvements are needed in the basement, which will not entail great expense.

LEON E. ANNIS,  
MARY A. CROSBY,  
GEORGE W. HASLET.

## Report of Superintendent of Schools.

---

Members of the Board of Education :

I present herewith my third annual report upon your schools.

The High School naturally takes an important place at present in the interests of the community because of the wish to induce a larger proportion of our pupils to enter and complete some one of the courses offered, and because it is playing a considerable part in the income derived from tuition pupils. There is good evidence that these objects are being accomplished. An increase of about fifty per cent. over previous years in its membership and a much larger proportion of the pupils coming back each year with the result that the present junior class—the first to have the benefit of our present courses from the beginning—is much larger than any we have had in recent years, is the material evidence of this fact. That the tuition funds for the fall term from high school pupils alone were almost \$100 more than the annual income from all the schools three years ago shows the encouraging growth in this way. Moreover, we have now three graduates in college, one from the class of 1907 and two from the class of 1908, and are able to test the quality of our work. All three have secured high standing in their scholarship, and one, a graduate of last year's class, has secured first prize in the entering class of Brown University for excellence of preparation in mathematics. Another member of the class of 1908 plans to enter college the coming year and we will then be eligible for the College Certificate privileges.

For those not intending to go to higher institutions of learning and wishing a course that will enable them to be better prepared at the close of their school life for prac-

tical work, the Commercial Course was introduced this year. A good number have taken this, but there has been no general giving up of the others. Each course is well patronized and thus justifies its existence. And the Commercial Course has fully justified its introduction. I have in mind a plan by which some of the more practical features of the course will be open to those pupils from other courses not wishing to enter college. I hope to arrange this with the consent of the State Superintendent of Public Instruction so as to be available another year.

The steady progress of the school in industry and deportment for the past three years, together with the result in scholarship that I have mentioned, gives me justification for assuring the community that its desire to provide suitable training for the pupils of the High School is being gratified. Few communities of our size can excel us in variety of choice offered the pupil and no doubt can now be entertained as to our standard of scholarship.

To support this standard of scholarship demands not only well-fitted pupils from the grades but also the best energies of the pupils themselves during their four years of school life. I am fully aware that the pupil who is doing satisfactory work in our High School is displaying an industry and perseverance second only to the more industrious of our wage earners or business and professional men, and superior to many others. And I would need no further proof of the quality of the work an applicant would give to an employer than the school record. Business men are aware of this and call for the school record of an applicant quite often. That the work is not too exacting is shown by the fact that pupils of only moderate ability, inferior preparation, and ordinary physical vigor are doing the work creditably. But, as I have said before, it needs the best energies. So I urge upon parents that they must

send the children to school properly prepared mentally and physically. A large amount of sleep is necessary for the youthful brain and this must be secured regularly. Proper food must be eaten or poor nutrition ensues. There is danger that the pupils from the best homes may suffer from actual starving of the system because of too great indulgence in confectionery and pastry. For the proper nervous condition to be kept, in spite of the strain demanded by the school, there is need that the nervous energy be maintained and spent only in legitimate ways.

But in asking this we are only asking what the business and professional life demands, and if anyone fears for this result of the vigorous life thus demanded a sufficient answer is furnished by the citizens in any community. Are the physically strong always to be found among the loafers? The men and women of physical vigor and endurance are those who have regular occupation. But there is no doubt that many pupils in the schools of our country are breaking down. If I am to judge by my own experience, those who cannot accomplish the work of the school are almost universally cigarette or tobacco smokers, frequenters of places of amusement that demand their time and energies, or it may be are not of the average physical vigor through no fault of their own. I realize too that the school has a large problem to do its share in preserving the physical energies from injury or waste. Consequently we are keeping a sharp watch for anything of this kind in the schoolroom. With the co-operation of the parents much can be done to prevent this waste of energy and consequent impairment of school work. As a suggestion along this line I advise an even greater and more universal use of the custom that now exists of having social events, such as dances and parties that may properly come in the social life of the boys and girls, occur on Friday evenings only,

or at a time when school work will not be required the following day. I also urge that the pupils of grades eight and nine and of the High School be provided as well as can be with opportunities and equipment for evening study of from one to not more than two and one-half or three hours and be trained to attend to this regularly and punctually. With this co-operation and the further assistance of the parent in securing a proper respect for the reasonable requirements of school discipline, we shall see a larger body of graduates from our schools not only mentally trained, but fitted by physical vigor and respect for proper authority, to take their places in the various activities of life.

The present teaching corps in the High School consists of a Principal and three assistants. This increase was made necessary by the ordinary development of the three courses previously offered and by the introduction of the Commercial Course. The latter is under the guidance of a teacher with two years' university work and a normal business training and experience in preparation for her work. As all of her time is not demanded this year by this course, she instructs the four upper grades in writing and also has classes in arithmetic and history. The other three teachers give their time exclusively to High School instruction. The result is that we are enabled to put most of the departments under those teachers whose special training and experience has best fitted them for these. In the grades three new teachers, each with Normal School training, were engaged—two in place of the two regular grade teachers, Mrs. Emma E. Shoults and Miss Cora I. McKellips, who resigned to accept other positions—and one to replace Miss Ethel F. Swan, teacher of the ninth grade and assistant in the high school. We have now a larger number of trained teachers than ever before in the grades. We will thus be eligible for a considerable sum of

State aid should the bill now pending before the Legislature be passed. This bill grants three dollars per week for each Normal trained teacher in service.

We now have the eighth and ninth grades in the same room and a considerable part of the former will be ready for High School in June. The trial last year of permitting those who had the best rank in the eighth grade to try the examinations for High School resulted in the entrance of five. We are thus solving in a natural way the problem of what to do with those of the eighth grade whose work is so far advanced that they do not need another year's training for High School.

The question of room in our school building is becoming a very pressing one. The removal of the High School to the third story made possible the accommodation of the increase in numbers for this year. At the average rate of growth promised for the next two years I think the limit of our accommodation will be reached at that time. We shall then be driven to the expediency of still further action of a temporary nature unless some other action is taken in time. It is necessary for the community to face this question squarely and to be ready to adopt measures that will best secure efficiency and economy in a very few years at the most.

I called attention in my last report to the need of providing for an increased salary list. This was done with the result that we are now more nearly up to the desired standard. All of the teachers are receiving an advance on former wages. The economy of this step has been shown in the fact that there has been no change in our teaching force thus far during the school year. This is a condition that has not existed before since my work began here. I feel that we are well reimbursed.

An average of the ages in each grade shows that we

are now well up to the front in this respect. It is desirable that pupils be given their training in the ordinary time that the classes may not be overloaded by those who fail to pass. Moreover a better interest is given to the work when pupils are progressing normally.

I want in closing to express my appreciation of the spirit of harmony and co-operation that exists among the teachers and has contributed much to the success of the present year. I am deeply sensible, too, of the willingness evinced to co-operate with me in any suggestion made.

To the members of your Board I give special credit for the interest you have taken and the work done so ungrudgingly that has relieved me of many details which you could better attend to than I. This report would not be complete did it not place on record my acknowledgement of the almost universal willingness with which the pupils have adjusted themselves to the inevitable changes that have occurred year by year as the school has been coming upward to a higher standard of achievement and of deportment. That such has been the case is the best testimony to the spirit of the community, which has not only taken a forward step for its schools in the midst of business depression but has, by its mutual interest in the work, imparted its own respect for the schools to the children, and made better results possible.

Respectfully submitted,

F. C. JOHNSON.

## Report of Principal.

---

To the Superintendent of Schools:

Of the thirty-one pupils that were in attendance in the High School at the close of the spring term, four graduated, and twenty-five returned to school in the fall. Four others, former members, returned, and one new pupil entered the Senior class. Of the twenty-one graduates from the ninth grade, nineteen entered the Freshman class. The enrollment of the school in the fall term was sixty-one, of whom twenty were tuition pupils. The average membership for the term was 59.4, the per cent. of attendance, 97.5,—a very good showing, especially if we consider the distance many of the pupils come.

The enrollment by classes is as follows:— Seniors, four; Juniors, including three special students, eleven; Sophomores, fifteen; Freshmen, thirty-one.

The commercial course was elected by five Juniors, nine Sophomores, and fifteen Freshmen. This unexpectedly large number has caused some crowding and other inconvenience in the commercial department. The room intended for fifteen could not accommodate all, and for some time various transfers of classes to and from the main room were made necessary.

The commercial course will prove a valuable addition to the High School courses, as it affords advantages to pupils who may be unable to obtain them elsewhere, and it will tend to keep in school some pupils who are not especially interested in the other courses.

While I realize that the present accommodations for the High School are about all that the limitations of the building will permit, I would suggest that the present

quarters should not be considered permanent. The small recitation room, which is merely the upper landing in a hallway, is unsuitable for several reasons. The main room is not properly lighted and cannot be uniformly heated. The commercial department needs a room that is larger and nearer the main room. A room especially for type-writing will be needed soon.

As soon as the condition of the school funds will permit, a number of reference books should be obtained for the school. At present, there are very few, and the work of several of the departments is much restricted for this reason.

As a number of our pupils intend to enter higher institutions, it seems desirable that the examinations of the College Entrance Examination Board should be given here in June. Application for this privilege has been made to the Secretary of the Board, and a favorable reply has been received.

It now seems probable that within a year or two arrangements may be made with the New England College Entrance Certificate Board by which graduates of the school, with sufficiently good record in scholarship, may be admitted to college or scientific school, on the certificate of the Principal, without entrance examinations.

In conclusion, I wish to thank the Committee for their constant support, the Superintendent for his very helpful advice and suggestions, and the teachers in all departments in the school building for their cordial co-operation.

Respectfully submitted,

GEORGE F. MURDOCK,

Principal.

## Report of Supervisor of Music.

---

To the Superintendent of Schools:

Music in the schools of Hillsboro is progressing. It has not yet reached the mark I feel sure it can and will, but it is started in the right direction. The High School shows improvement in reading and in tone quality. All the grades are making progress in ability to read music.

We have always expressed our deepest feelings and emotions by means of music. Thus the real aim of music in the schools is the singing of songs. But to be able to sing songs the pupil must be able to read music accurately. The interest in the school work and the courtesy shown by the townspeople, as well as by all connected with the schools, is making my work in Hillsboro very pleasant.

Respectfully submitted,

HELEN D. DAGGETT,

Supervisor of Music.

## Report of Supervisor of Drawing.

---

Superintendent F. C. Johnson:

I submit the following report of drawing for Hillsboro schools:

The work in drawing this year has been a following out of the plan given in last year's report. During the fall term the drawing of flowers and leaves was taken in connection with nature study, and color harmony was reviewed. This winter term the higher grades have had object drawing involving perspective. The younger grades have had the same sort of work only more elementary. In the spring term the work will be the painting and drawing of spring growths with the nature work. The birthdays of noted men, as Lincoln and Washington, have been observed in connection with the drawing, thus correlating drawing and history.

The High School was so large at the beginning of the year that it seemed better to divide it into two classes for the drawing, those wishing mechanical work having their lesson one week, and the appearance class having theirs the next. The plan works well. The mechanical class has had elementary working drawings and the other class object drawing, including perspective more in detail than the lower grades.

The children have seemed more interested in the work this year than last and some very good work has been done. It needs the interest of both the teachers and the pupils to make the work a success. I wish to thank all for their helpfulness in this.

SADIE M. REED,

Supervisor of Drawing.

## TOWN WARRANT.

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Childs' Opera House in said town on Tuesday, the eighth day of March next, at nine of the clock in the forenoon to act on the following subjects:

1. To choose three Selectmen, Town Treasurer, Tax Collector, Highway Agent, Town Clerk and Chief of Police for the ensuing year, Trustee of the Fuller Public Library for the two ensuing years, and all other necessary town officers or agents for the ensuing year.

2. To hear the reports of the Selectmen, Town Clerk, Town Treasurer and Tax Collector to the Town Auditors, the reports of the Auditors, Agents, Committees or other town officers heretofore chosen or appointed and to pass any vote relating thereto.

3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

4. To see what sum of money the town will vote to raise for the building and repairing of highways, bridges and culverts.

5. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00) for Senator Grimes Post, G. A. R., to be used Memorial Day.

6. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

7. To see if the town will vote to raise any money for

the support of the Fuller Public Library, or pass any vote relating thereto.

8. To see if the town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways.

9. To see what action, if any, the town will take in regard to establishing the grade in certain streets within the precinct.

10. To see what action, if any, the town will take in regard to increasing the salary of the Highway Agent.

11. To see what action the town will take in regard to the bequest made to said town by the will of Daniel B. Smith late of Concord, N. H., deceased, which reads as follows: "I give and bequeath unto the Town of Hillsborough in the County of Hillsborough and State of New Hampshire, the sum of Five Hundred dollars the same to be held by said town of Hillsborough in trust, the income thereof to be each year expended by said town in caring for and keeping in repair the cemetery lot belonging to my wife, Mary E. Smith, situated in the Lower Village cemetery so called, in said Hillsborough. The income of said fund shall be used for no other purpose and if said trustee neglects or refuses to expend the same in accordance with this my will, it is my wish that a suitable trustee be appointed by the Court to carry into effect this bequest."

12. To see if the town will vote to raise any money for the care and maintenance of the town cemeteries not otherwise provided for, or pass any vote relating thereto.

13. To see if the town will vote to raise the sum of one hundred dollars (\$100.00) for the suppression of the Gipsy and Brown Tail Moths, or pass any vote relating thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hands this nineteenth day of February, in the year of our Lord nineteen hundred and ten.

CHARLES S. FLANDERS,  
FRED B. MONROE,  
EUGENE C. RUMRILL,  
Selectmen of Hillsborough.

## REPORT OF THE SELECTMEN

For the Year Ending Feb. 15, 1910.

---

To the Citizens of Hillsborough:

On account of larger appropriations made by the state, town, precinct and school districts, there was a higher tax rate at the last assessment than in previous years. Not many large expenditures of money have been found necessary that were not anticipated when the appropriations were made. When the season opened for repairs on the highways, three of the four horses on the town teams would be classed as old. One of these, on account of an organic disease, was not able to do regular team work. This horse was used to carry out tools for the stone gang early in the season and later was turned out to pasture and one horse was purchased. In the fall the chestnut horse that was turned out to pasture was able to take his place with his mate and the white horse, which had worked on one of the town teams for 15 years and which was about 24 years old, was killed. The joint fund of the town and state for permanent road improvement was \$4766.00. The road was surveyed as far as the saw mill at the Lower Village. On account of the great amount of ledge excavation, the money was not sufficient to build to this point. After the grading was completed as far as E. O. Pendleton's house, the contractors were ordered by the state engineer to do no more work beyond a point near the junction of the two roads at Scott Gay's house. The section beyond this point that had been graded was hardly safe for travel. The contractors estimated that it would cost \$200 to complete the

road. The town did the work for \$90.20 in money and four days' work with one of the town teams. The state authorities allowed the balance of the joint fund to go towards the expense of completing the section that had been graded. The entire cost of the state road was \$4695.32. Of the money expended on the state road extension \$70.68 was paid from the joint fund and \$19.52 was paid from the town treasury.

The following letter from the State Engineer's office explains the position taken by the State at the time the road was accepted:

"As a result of a conference between Mr. Smith, Supt. of the Lane Construction Corporation, and Mr. Dean after a personal inspection of the road, it was decided that the contractor had done all that had been asked of him to do, although the road is not in first-class shape at the present time. The only thing needed would be to keep the ruts smoothed out and as there was a balance amounting to approximately \$85.00, Mr. Dean thought that it would be best to make final payment to the contractor and that the town use a portion of this unexpended balance necessary to smooth the ruts out until the surface becomes true and hard."

It has been the policy of the town to figure on reducing the town debt about \$1000 each year and the exact amount of the reduction since the last report is \$1371.07

## TRUST FUNDS.

---

The following are the Trust Funds held by the town. We have obtained a certified copy of the clause of each will in which the bequest was made, showing the conditions under which they were received. By request of the Committee raised for this purpose the Selectmen have given the town notes payable to the order of the Selectmen for each bequest not already made promissory.

\$2000.00. Extract from will of Mark W. Fuller.

Article 4th. I give and bequeath to the town of Hillsborough Two Thousand Dollars (\$2000) to be by said town invested as they deem proper, upon the two following conditions, viz:—First, that the said town shall yearly expend for the benefit of said town and its inhabitants, an amount of money equal to the income of this said bequest, the question as to the way and manner in which it shall be expended to be decided by a vote of the town at any legal meeting, and, Second, that the said town shall forever keep in good and suitable repair and condition the “Fuller Plat” in the cemetery in said town between the “Upper” and “Lower” Villages, and I hereby order and direct my said executrix to pay the same or said sum over to said town as soon as may be after my decease and upon the town accepting the same, upon the stated conditions, otherwise, I order the said sum to be paid to my nephew, Wirt X. Fuller of Boston, Mass.

Accepted by town, March 13, 1877 ; received in year 1877.

---

\$1000.00. Extract from will of Sarah C. Fuller.

Article 4. I give and bequeath unto the town of Hillsborough, One Thousand Dollars for the “Fuller Library” established in said town, it being subject to the same conditions from said town that the late Mark W. Fuller bequest to said town was and is, excepting that the first Selectman of said town shall visit the “Fuller Plat” four times a year forever.

Received in the year 1884.

\$100.00. Extract from will of Maria Travis of Mont Vernon, N. H.  
Article 1st. I give to the town of Goffstown and the town of Hillsborough (this state) One Hundred Dollars, each, the interest to be appropriated for all future time to keeping my lots and stones in the cemeteries of said towns in good condition.

Accepted by town, March, 1892 ; received, Feb. 11, 1893.

---

\$100.00. Extract from will of Sarah M. Taggart, late of Lowell, Mass.

Article 1st. I give, devise and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be invested and the interest to be expended for the care of the family burial lot in the Hillsborough Lower Village Cemetery.

Received March 25, 1897.

---

\$200.00. Extract from the Town Records of meeting, March 8, 1898.

Article 11th. To see if the town will vote to accept the sum of Two Hundred Dollars from Caroline M. Burnham, on condition that the town will forever care for the lot and monument in Deering Cemetery known as the Dr. A. C. Burnham Lot.

No will. Accepted March, 1898 ; received Oct. 19, 1898.

---

\$100.00. Extract from the will of Catherine W. Bascomb, late of Lynn, Mass.

Article 3d. I give and bequeath to the town of Hillsborough, New Hampshire, the sum of One Hundred Dollars, to be applied to the care and preservation of my burial lot in the cemetery, situate on the Lower Village, so called.

Accepted by town March, 1899 ; received May 10, 1899.

---

\$50.00. Extract from the will of Mary E. M. Smith.

Article 2d. If there shall be any portion of my estate remaining after paying and distributing such sums as shall be necessary for the purposes mentioned in the first item of this will, I give and bequeath to the town of Hillsborough, in the county of Hillsborough and state of New Hampshire, the sum of Fifty Dollars, said town to expend the income of the same in the maintenance and care of my burial lot and that of my deceased husband, Jerry Smith.

Accepted by town March, 1900 ; received Feb. 11, 1901.

\$2633.98. Extract from the will of Abney Simonds.

Article 5th. The rest, residue and remainder of my estate, of whatever kind, or wherever found or situate, both personal or real estate, if any, after paying all just debts, legacies and expenses of administration of said estate, I give, bequeath and devise to the towns of Windsor and Hillsborough, to be divided equally between said towns. The amount, if any, shall be safely invested by said towns and the income from the amount *shall be used yearly towards paying the yearly expenses of said towns and for no other purposes*, and shall be known as the Abney Simonds fund.

Received Nov. 4, 1899.

\$100.00. Extract from the will of George C. Richardson.

Article 12th. I give and bequeath unto the town of Hillsborough in the County of Hillsborough and State of New Hampshire, the sum of One Hundred Dollars in trust, the income to be used for the benefit and care of my lot, situate in the cemetery between the Lower and Upper Villages.

Accepted by town March, 1903 ; received April 4, 1903.

\$100.00.

Bequest of Abby C. Murdough of One Hundred Dollars, the income to be paid to the M. E. Church Society at Hillsborough Center. Note dated May 1st, 1883, payable on demand to the Selectmen of Hillsborough, or order, on file in the Selectmen's office.

\$100.00. Bequest of the will of Mrs. Wm. H. Gray.

"And I order my executor to keep in trust One Hundred dollars, the income to be used to pay for looking after and care of the Wm. H. Gray plat in the cemetery in Hillsborough and for care of said money is not required to give any bond."

This fund was left to John M. Curtis and on his death was turned over to the town.

\$200.00. Extract from the will of James A. Tuttle.

Article 1st. I give and bequeath to the Town of Hillsborough, in said County of Hillsborough, the sum of Two Hundred Dollars, the income of the same to be used by said town annually in the care and maintenance of the James M. Tuttle burial lot at Pine Hill cemetery, so-called, at Hillsborough Lower Village, in said town of Hillsborough.

Accepted by town March 13, 1906 ; received June 29, 1907.

\$400.00. Extract from will of Sarah A. Grimes.

Article 2d. I give, devise and bequeath to the town of Hillsborough, N. H., the sum of Four Hundred dollars, but in trust nevertheless for the following purposes and upon the following terms and conditions, viz : that said town shall forever keep in good condition and repair the family burial lot of my father, Eben Jones, in the cemetery near the old Baptist church in said town of Hillsborough. That the Board of Selectmen of said Town, or at least one member of said board, shall visit said lot during the first week in May, during the first week in July and during the first week in October of each year, and at such other times as may become necessary to inspect said lot, cut the grass, keep the stones and monument in order and make such repairs as may become necessary. If said town of Hillsborough declines to accept said fund or having accepted said trust fails to carry out the foregoing provisions, then and in that event said trust shall terminate and said trust fund shall revert back to my estate and shall be divided between my six children now living, in equal shares.

Accepted by town March 12, 1907; received April 13, 1907.

\$100.00. Extract from the Town Records of meeting, March 10, 1908.

Article 10th, To see if the town will vote to accept from Charlotte Towne the sum of One Hundred dollars (\$100.00), the income to be used in caring for the Ebenezer Towne burial lot in Pine Hill Cemetery.

Accepted March 10, 1908; received April, 1908.

## REPORT OF THE BOARD OF HEALTH.

---

To the Selectmen and Citizens of the Town of Hillsborough, N. H.:

Last year your Board of Health expressed the "Hope for the continuance of the present favorable sanitary condition of the town." That hope has been fully realized during the past year. Although a few cases of scarlet fever, and more of measles, have occurred, these have all been of mild type and no epidemic has prevailed. That scourge of many communities, typhoid fever, the result of impure water, milk and other food supplies and of poor drainage, has happily not prevailed.

Again hoping for the continuance of the blessing of general good health, we respectfully submit this brief report.

JOHN GOODELL,  
LEON E. ANNIS,  
WARREN P. GRIMES,

Board of Health.

## PRECINCT WARRANT.

---

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct affairs:

You are hereby notified to meet in the Precinct Hall in said Precinct on Monday, the fourteenth day of March, 1910, at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose one or more Water Commissioners to serve five years.
3. To choose three Fire Commissioners, Treasurer, Clerk, Auditors, and other necessary Precinct officers for the ensuing year.
4. To hear the reports of the Fire Commissioners, Water Commissioners, Treasurer, Clerk, Auditors, and other officers and committees heretofore chosen, and to pass any vote relating thereto.
5. To see if the Precinct will vote to raise and appropriate the sum of four hundred dollars (\$400) necessary to run the sprinkler cart for a period of twenty weeks or more.
6. To see what action the Precinct will take in regard to laying a new and larger water main from the reservoir on Bible Hill to the Square known as Central Square within said Precinct, and to raise such sums of money as may be necessary for the same, or to pass any vote relating thereto.

7. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct, and any other charges arising within said Precinct.

8. To transact any other business that may legally come before the meeting.

Given under our hands and seal this twenty-first day of February in the year of our Lord, nineteen hundred and ten.

JOHN B. TASKER,  
FRANK E. MERRILL,  
DANIEL W. COLE,

Board of Fire Commissioners.

## REPORT OF THE FIRE COMMISSIONERS

For the Year Ending Feb. 15th, 1910.

---

The Board of Fire Commissioners submits the following report:

The fire companies have been called out five times during the past year, making a quick response in each case, thus resulting in but slight damage to property, with the exception of call 78 on Jan. 15th, when the Colby block was entirely destroyed. The firemen deserve and should have our best consideration and support.

The fire alarm system is now in excellent condition and is supplemented by a telephone installed in the Woolen Mill, connection being made at the central office. Mr. Lincoln makes no charge for use.

The law in regard to fire escapes on public buildings, public halls, lodging houses, etc., has been complied with by some of the owners and it is hoped that the others may fall into line, so as to eliminate as far as possible danger to life or limb.

The sprinkling of the streets the past year was a success, constituting a public benefit, and should be continued. The price of the cart—\$270.00—the twenty-weeks contract at \$17.50, the extra days run after the contract expired and the labor on standpipes equalled the \$650.00 appropriated.

During the summer of 1909, the water commissioners re-laid 2190 feet of six-inch cement-lined pipe, on the supply line above the reservoir, with eight-inch cast-iron pipe of suitable strength.

The entire cost of this work was \$2093.84 of which \$1614.03 was charged to “maintenance” and \$479.81 to “excess renewal.” This latter amount is added to the cost of the water works and shows in construction account above.

The School street main has been extended with two-inch galvanized iron pipe as far as the residence of H. B. Burbank, supplying water for five families therefrom. Cost of this work was \$489.02, which was charged to extensions and appears in the cost of water works.

In addition to the foregoing improvements, it was nec-

essary to relay the small pipe on Water and Pearl streets at a cost of \$119.71. The old wooden fence at the reservoir has been replaced by one of modern wire construction at an expense of \$140.51.

These last two items were charged to renewal account and are included under maintenance account in this report.

There now remains to be re-laid a section of six-inch cement-lined pipe on the supply line, with eight-inch cast-iron. The commissioners have purchased pipe for the work which will be completed early this coming summer. When done, the supply line will be eight-inch iron pipe from Loon Lake to Jones meadow, so called, and six-inch iron pipe from the meadow to a point about half way to the top of Bible Hill. The need for replacing the balance of this line does not seem urgent, although necessary later on.

## TOWN DISTRICT WARRANT.

---

### THE STATE OF NEW HAMPSHIRE.

To the inhabitants of Town School District of the Town of Hillsborough:

You are hereby notified to meet at the School House at the Lower Village in said district on the tenth day of March, 1910, at two o'clock in the afternoon to act on the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing year.
4. To choose a member of the School Board for the ensuing three years.
5. To choose a treasurer for the ensuing year.
6. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
7. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
8. To determine the salaries of School Board, truant officer, treasurer or any other officers.
9. To see if the district will vote to raise any money in addition to that required by law for school purposes and repair of school schoolhouses and if so, how much.
10. To see if the district will authorize the School Board to contract with some high school to furnish instruction to its scholars.

11. To see what action the district will take in regard to disposing of its unused schoolhouses.

12. To see if the district will authorize the School Board to employ a special teacher of music.

13. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this tenth day of February, 1910.

DEBORAH M. BROWN,  
AARON W. EMERSON,  
NOAH F. MURDO,  
School Board.

## Report of School Board.

---

To the Citizens of Hillsborough :

The members of the School Board for the Town District respectfully present to you their annual report and also that of the Superintendent of Schools.

Eight schools have been maintained throughout the year, although not always in the same division.

The Roll of Honor and list of teachers are this year reported for the school year ending July 15, 1909, as the law requires the school year to end at that date.

The rebates from the State have been of great assistance to the schools, especially that for average attendance. In no easier way can parents and guardians help their town financially than by requiring their children to attend school regularly, as the higher the average attendance the more money is received from the State. For the past year the district has received nearly six hundred dollars for average attendance, approved teachers, district supervision and high school rebate.

We heartily urge and desire the co-operation of all our citizens, especially parents, in visiting the schools and becoming familiar with the work done there.

Needed during year 1910-11 for text-books, supplies, flags and appurtenances and high school tuition:

Text-books and supplies	\$ 25 00
Flags and appurtenances	5 00

## Report of Superintendent of Schools.

---

Members of the School Board :

I respectfully submit the following report concerning the Schools of Hillsboro Town District. On account of the short time that I have served you in the capacity of superintendent of schools, it will not be possible to review the work of the year and note the progress that has been made.

I have become well enough acquainted with the situation, however, to realize that the problem of providing school facilities for the scattered population of the district is one that should demand a great deal of careful thought and planning in order that the best results may be obtained for the money expended. My predecessor had the same idea concerning the problem, I think, and at this point, I wish to commend his report of last year as it contains suggestions that are worthy of consideration. Since the writing of that report, a law has gone into effect which provides that the smaller towns shall receive from the state two dollars a week for each teacher who holds a state certificate, or who is a graduate of an approved normal school. The money thus received shall not necessarily go to the teacher, but shall be used for improving school opportunities. It may be wholly used for increasing the salaries of teachers, and probably a large portion of it will be so used throughout the state, as this is usually the most effective way to get better schools. The strong, well-equipped and enthusiastic teacher will get results that it is impossible for one not thus qualified to secure. Therefore it would seem wise to use the money coming from the state for hiring teachers whose abilities will command larger salaries than those being paid at the present time.

The question as to what schools shall be opened is one that for the present, at least, will have to be determined from year to year. The removal of a single large family from a school district may reduce the number of pupils to such an extent that it would be unwise to continue to maintain a school in that locality. When such cases arise it will be better, usually, to provide facilities for the transportation of the remaining pupils to some other school.

Unfortunately, the rural school problem has not received in the past the same amount of attention from those who make a specialty of educational work that has been given to the organization and administration of the city systems. For this reason, we find that, although the latter vary much in regard to the details of the work, they are almost universally successful in securing satisfactory and substantial results.

Lately, however, the thoughts of many have been directed toward the country schools to see if something could be done to make them more effective and furnish for the children opportunities that would equal those provided for pupils whose homes are in the cities. State aid for the less wealthy towns, consolidation of schools, transportation of pupils at public expense, and district supervision of schools are results of the attention that has been given to the solution of the problem.

In the western states, county supervision is the rule. But the counties are so large that it is not possible for the superintendent to visit the schools often enough to come into very close touch with the work of the individual teachers. In spite of this handicap, some of the men in the work have obtained valuable results. One man in particular, Supt. O. J. Kern of Winnebago County, Illinois, has done much toward bringing about the beautifying of the school grounds, and the decoration of the interior of the school

buildings. He has also aroused and encouraged an interest on the part of the children in the products of the soil. This has been done in such a way as to dignify the calling of the farmer, and to show that thought applied to the tilling of the soil would yield rich rewards. This point I wish to emphasize.

While it may not be possible for us to engage teachers who can give instruction in farm management it is not unreasonable for us to expect to employ those who can call the attention of the boys and girls to the work that is being done by experiment stations, and by the United States Department of Agriculture, and to the publications that they are issuing from time to time. She can also impress upon their minds that the time is upon us when the man who knows what his farm will produce to the best advantage, and will apply his knowledge, is the man who will succeed. She may test seeds, and bring out the truth that seed from good specimens must be used if crops of excellent quality are to be harvested.

Of course, what is usually thought of as the regular work of the school is not to be neglected. Indeed, if a child has a garden of his own at home, the telling by him of how he manages it will provide a good basis for language work, an oft neglected subject and a bugbear to many. This, however, will give something for him to talk or write about—something of his own in which he is interested, and when he is interested, he will have something to say.

The teacher may also encourage the pupils to take an active part in improving the appearance of the schoolhouse and its surroundings, and thus make them feel that they have a share in the ownership of public property. Even a small sum raised by a public exhibition or by contributions is sufficient to purchase a copy of some famous painting, which would give enjoyment and inspiration to the pupils

for many years. The pupils could prepare a flower bed in the yard and sow the seeds of suitable plants, which would in due time beautify the grounds, besides providing a common topic of interest, and help in fostering a spirit of civic pride.

The teachers who are now serving the district will be glad to do something along this line, I feel assured. Their names and the schools that they last attended are given in a tabular statement below:

SCHOOL	TEACHER	EDUCATION
Bear Hill	Bessie M. Kimball	Hillsboro High
Centre	Lois H. Rickey	Bridgewater Normal
Concord End	Gladys H. Murdo	Hillsboro High
Goodell	Eva B. Ash	Hillsboro High
Lower Village	Edythe M. Crooker	Dewey Training
Merrill	Nellie M. McNiff	Fitchburg Normal
Upper Village	Alice M. Swain	Concord High

In closing this report, I wish to express my appreciation for the many courtesies enjoyed since I began work in this district.

Respectfully submitted,  
 FREDERICK L. KENDALL,  
 Superintendent of Schools.

## SPECIAL SCHOOL DISTRICT WARRANT.

---

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district affairs:

You are hereby notified to meet in the schoolhouse in said district on Monday, the twenty-first day of March, 1910, at seven of the clock in the afternoon, to act on the following subjects,

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the Board of Education for three years.
4. To hear the reports of the Board of Education, Treasurer, Auditors and other officers and committees heretofore chosen, and pass any vote relating thereto.
5. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings, and any other necessary charges arising within said district.
6. To see if the district will vote to build an addition to the school building, raise any money therefor, or pass any vote relating thereto.
7. To choose Auditors, Agents or Committees in relation to any subject embraced in this warrant.
8. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-fourth day of February, in the year of our Lord nineteen hundred and ten.

LEON E. ANNIS,  
GEORGE W. HASLET.

## Report of the Board of Education.

---

The Board of Education presents herewith its report for the fiscal year ending February 15th, 1910, and the school year ending July 15th, 1909, together with reports from the Superintendent of Schools and Instructors.

Your attention is particularly called to the suggestion regarding an addition to the school building. Additional room has been needed for some time and a new building for the High School or the lower grades would have been the best solution of the problem, but the school boards have been reluctant to ask for the necessary money for the purchase of a lot and the erection of a building and the scheme proposed by the Superintendent of Schools appears to offer relief without too great expense.

The latter part of the year was saddened by the sudden death of the Chairman of the Board, Miss Mary A. Crosby, who passed away Dec. 13, 1909.

Of great strength of character with high ideals, her presence on the Board was a constant inspiration and help. With a keen sense of justice, yet with a strong sympathy, she was a frequent arbiter in the many disagreements that arise in public positions. In her death, teachers and parents have suffered a personal loss which it will be well-nigh impossible to replace.

LEON E. ANNIS,  
GEORGE W. HASLET.

## Report of Superintendent of Schools.

---

### Members of the Board of Education:

I respectfully submit the following report concerning the schools of the Hillsboro Special District, which is the fourth annual report in the series written by a superintendent of schools.

As I have been connected with the schools of this district but a little over three months, it will be impossible to compare the conditions of a year ago with those existing at the present time. Some things that have occurred during the year may be mentioned, however, and some suggestions may be made concerning the needs for the future.

Since the printing of the last report, there have been a few changes in the teaching force. Miss Nina M. Perkins, a graduate of the Plymouth Normal School, took charge of the second grade room at the beginning of the spring term. Miss Mary I. Powell was granted a leave of absence during the fall term on account of ill health, and Miss Lillian S. Burt, a graduate of Mt. Holyoke College, substituted in her place. Two of the present assistants in the High School, Miss Louise J. Cooper, a graduate of Boston University, and Miss Emily M. Cate, a graduate of Tufts College, began work with us in September. Miss Louise Barrett resigned at the close of the fall term and was succeeded by Miss M. Louise Tracy, a graduate of Boston University with nearly two years' experience. Miss Emeline O. Mendum, the supervisor of drawing, a graduate of the Normal Art School in Boston, entered upon her duties in Hillsboro at the beginning of the fall term.

By glancing through the list of teachers employed at

the present time, as printed elsewhere in this report, one sees that of the ten teachers, four hold college diplomas, three have normal school diplomas, one has had a partial college course and a course in a special school, another has taken a kindergarten course, and another was graduated from a seminary. This makes an unusually strong combination from the standpoint of preparation for a district of this size.

In order that towns like this might retain the services of capable teachers, the last legislature passed a law that towns with a population of less than three thousand five hundred and a valuation of less than seven thousand dollars per pupil of average membership should receive from the state the sum of two dollars a week for each teacher who holds a state certificate or who is a graduate of an approved normal school. As five of the teachers now employed fulfil the requirements for obtaining this grant, a substantial sum from this source will come into the treasury of the district at the time of the apportionment next December.

It is the plan of the state department that this money shall be used for improving school conditions. This may be done by increasing the pay of competent teachers already in the service, or it may be used to secure new teachers of superior qualifications, or it may be used in other ways to increase or improve school opportunities. A portion of it might be used legitimately to increase the length of the school year in the lower grades, so that all grades would have a year of thirty-six weeks.

In the report of last year, my predecessor called attention to the prospective need of more room in the school building. That need seems to me to be urgent. At the present time, the assembly room of the high school is in the third story, to which there is considerable objection on

account of the long flights of steep stairs. The windows of the room are so placed that they furnish a cross light which is considered bad for the eyes by those who have studied into the matter carefully. The commercial room is on the first floor, two flights down from the assembly room, in a small room made by putting a temporary partition across one of the grade rooms. This partition interferes very seriously with the heating and lighting of the second grade room. Indeed, during the short days, it was so dark in the last part of the afternoon that it was not possible to do any work that called for as close application of the eyes as is needed in reading. Furthermore, one of the high school recitation rooms is a hallway, a makeshift at best, and a decidedly unsatisfactory one on the cold days, in spite of additional radiators put in since last year. The typewriters are in a small room under the roof on the third story, two stories away from the commercial room where the teacher in charge does the most of her work. Finally, the supply room and office is too small for the purpose and robs the front hall of needed space.

As a remedy for these conditions, I have already submitted for your consideration a plan which calls for an addition to the present building on the northwest side of what is known as the new part of the schoolhouse. In this proposed addition, there would be on the first floor a grade room similar to the one now being used by the first grade, an office and supply room of sufficient size, and a commodions hallway. On the second floor, there would be a well-lighted assembly room for the high school, large enough to accommodate sixty or more pupils; and on the third floor, a recitation room of convenient size. The commercial department would occupy the present grammar room with a portion cut off for the use of those who practice on the typewriters. This arrangement would so con-

centrate the rooms for high school work that they would be easily and quickly accessible from the assembly room and from each other.

Another feature of the plan submitted is a ventilating shaft for taking the foul air away from the school rooms and also from the sanitariums, as the present arrangements are far from being efficient.

While this proposition would necessitate the expenditure of some money, the benefits to be obtained would make ample returns on the investment.

Turning from the question of building accommodations to that of instruction, I wish to speak in a commendable way regarding the work that is now being done. In the matter of methods, perhaps no greater advance has been made in the teaching of any subject in recent years than has been made in the teaching of primary reading. The work has been so systematized that it is no uncommon thing for children in the first grade in the larger schools to read six or eight or even a dozen primers and first readers in the course of the year, and do it with ease and understanding. Different methods are in use whereby this end may be accomplished, but perhaps the one most in favor at the present time is the one adopted in the school here about a year ago, and which seems to be fulfilling in large measure the claims that are made concerning its worth.

The reports of the Principal of the High School, the Supervisor of Music and the Supervisor of Drawing accompany this report and form a part of it.

In closing, I wish to say that I fully appreciate the existing spirit of cordiality and co-operation on the part of both citizens and school authorities.

Respectfully submitted,

FREDERICK L. KENDALL,  
Superintendent of Schools.

## Report of Principal.

---

To the Superintendent of Schools :

A few years ago a county superintendent of schools made a mathematical calculation of the value of education, based on the census figures and obtained the following results:—An uneducated child has one chance in 150,000 of attaining distinction. A common school education increases his chance nearly four times. A high school education increases the chance of the common school child more than twenty times, giving him eighty-seven times the chance of the uneducated. A college education increases the chance of the high school boy nine times, giving him more than two hundred times the chance of the common school boy.

The increase in the membership of our High School during recent years is an illustration of what is taking place throughout the state and the nation. That our community intends to meet the demands of the times and provide adequate training for those who have completed the work of the grades, is shown by the facilities that each year have been added to the equipment of the high school.

In the summer the committee substituted a new course of study for that known as Curriculum III. This is based upon a course recommended by the State Superintendent, and is intended for pupils who may not wish to study foreign languages, but prefer more history and science than the other courses provide, as well as some commercial subjects.

The commercial course, now the choice of more than half of the pupils, continues to justify its existence and to prove the wisdom of its introduction.

The examinations of the College Entrance Examination Board were given here last June and were taken by six pupils, five of whom were members of this school. Arrangements have been made to have them given here again next June.

Steps are being taken to secure the approval of the school by the New England College Entrance Certificate Board. As two of the recent graduates of the school have passed their entrance examinations for college without conditions, we are now trying to secure the approval of our courses of study by the Board. If this is obtained, graduates of the school, of high standing, may be admitted without examination to any of the colleges represented on the Board.

In closing, I wish to express my appreciation of the cordial co-operation of both teachers and school officials.

Respectfully submitted,

GEORGE F. MURDOCK,  
Principal.

## Report of Supervisor of Music.

---

To the Superintendent of Schools:

In submitting my second annual report I take pleasure in saying that the work in music in the school in Hillsboro is in much better general condition than it was one year ago. The work in nearly all the grades is progressing in a satisfactory manner, and by the end of the school year I think the lower grades will be up to the prescribed course of study.

Much importance is laid upon the individual work, for the true test lies in what each one can do. By carrying out this individual work in a systematic manner we are striving to form habits of independence, concentration, accuracy, mental alertness and self control. We are also constantly trying to better the tone quality: quality of tone, not the amount of tone being the ideal before us.

A supervisor cannot do all the work alone. There must be co-operation on the part of the grade teachers, for to them falls the drill work every day. Owing to their faithful daily work the music is improving.

Respectfully submitted,

HELEN D. DAGGETT,

Supervisor of Music.

## Report of Supervisor of Drawing.

---

Mr. F. L. Kendall,

Superintendent of Schools:

The report to the town of Hillsborough for the work done in drawing is as follows:

On beginning my work, I found the children interested in drawing and well trained along certain lines. It only remained for me to go on with the work so well started.

I have tried to introduce more or less manual training into the course, all through the grades. The children in the first two grades have had such constructive work as making boxes, houses, sleds, etc., by paper-folding, and have done free-hand paper cutting, as have also the third and fourth grades.

The Christmas work in nearly all the grades was devoted to constructive work, gift making. I found that the children in all the grades had to be taught to measure, and the making of actual things, even of paper or card-board, as baskets, candy-trays, portfolios, blotting-pads, etc., showed them the need of accuracy. Design was applied to all the things made. In the eighth and ninth grades we made original designs for brass pen-trays.

In addition to the regular nature work, we drew trees in some of the upper grades and each grade, except the first, has drawn one or two landscapes. The pupils were first called upon to observe a particular aspect of nature, as the trees in autumn coloring or a twilight effect, and in another lesson they expressed their impression of it by drawing from memory.

Object drawing in the upper grades and illustrative drawing, or the drawing of life and action, in the lower

grades, is the subject for January and February. Some lessons are for close observation, correct proportion and perspective; others for drawing easily to express an idea or tell a story. The aim has always been to develop power in the child rather than to produce immediate results merely to please the eye.

In the High School, the half hour period seemed very short for dealing with large classes. The time given has been for each of the divisions, the mechanical and free-hand, a half hour once in two weeks. Very little can be accomplished in this time.

In the mechanical division we took up lettering first, then the planning of a "design" for the cover of the school report. The cover of this report is the result of one student's planning,---the spacing of the printed page, size of type, etc. An authority, Batchelder, in his book, "Principles of Design," says: "Few workers have such constant hourly opportunity for the application of the judgment and taste that is developed by an artistic training, as the printer." The problem seemed a good one to me for the High School, as it gave some training to the eye in recognizing good proportion.

The work in the mechanical division since the first of December has been the making of working drawings, and design in the free-hand.

My work as teacher of drawing in Hillsborough has been made pleasant by the interest of the pupils and the kindness of the teachers.

Respectfully submitted,  
 EMELINE O. MENDUM,  
 Supervisor of Drawing.
